I should like to add my voice to the many others that have written to you for the ban on Christian broadcasting licenses to be lifted.

The positive benefits of Christian radio far outweighs any of the perceived negatives but, far more than that, it is a right that is extended to minority groups all over our country yet is denied us.

Surely this is one of the most blatant forms of discrimination in our country today?

Please, please do not withhold this opportunity from us.

Thank you in anticipation of your help and positive action in this matter.

1stNet.tv is a unique business opportunity. I think it's a great way to make extra money at a very low cost with minimal workload, it's as simple as 123. Why not take a look at www.1stnet.tv/hbc and perhaps give me a call...
