As a keen viewer and listener as well as being a comitted christian I believe it is vitally important for the spiritual health of the nation that oppurtunities are given to christian broadcasting and media groups to produce and transmit appropriate programmes.

The recent Alpha Series on ITV clearly shows that christians are not raving fanatics as some accuse us of being but ordinary caring people. In the light of the fact that there is so much doom and gloom on TV/Radio surely having programmes which encourage and give hope to people is what is required.

If access is not given to us and the truth is not heard I fear it will not be long before the 9.00pm threshold is a thing of the past and we 24 hours filth 7 days a week on all channels.
