

You will be appalled, as we all are ,by the cost of Drug Abuse, One Parent Families, Violence, Racism etc. This is the outcome of being what the Readers Digest Survey identified as the second most Godless Nation in the World.

It will be a great Feather in your Cap to open the door for Christian Broadcasting to help restore the National Health and thereby reduce the National Debt! Furthermore you will be blessed according to Deuteronomy 28:1-14 which is quite a basin full!

God bless you

Dear Minister

Christian Broadcasting

For some considerable time now I have been concerned by the controls put on broadcasters in connection with Christian Radio and TV and the ban put on them which prevents them from applying for national broadcasting licences. I believe this to be an unnecessary restriction and one which should be lifted as soon as possible in the interests of individual choice and personal freedom.

Apart from Christian broadcasting's high moral content being a good influence on society in general, it will provide a tremendous business opportunity for the music industry and for those seeking careers in this area. The American model has proved this.

So, please lift the ban and allow Christian broadcasters to be able to apply for national and local licences for Radio and TV. I'm sure you will be pleased with the eventual outcome should the ban be lifted!

Yours sincerely
