Dear Miss Curtis

Re: Regional Casino – Manchester City Council

Manchester City Council appeared at an examination in public on the 7th September 2006 and was asked questions about the assumptions made regarding the level of Gaming Tax in assessing what benefits would flow to Manchester from the location of a Regional Casino. In reply we stated that we had assumed a 2.5% Gaming Tax level. This was incorrect and the true assumption in our calculations was up to 25%. Please place this correction before the Casino Advisory Panel.

Yours sincerely

Celia Tierney
