

# Restormel

Here is summary of representations received in relation to Restormel Council's casino bid.

## Support

- We received one letter supporting Restormel's casino bid.
- It argued that Cornwall's economy is not strong and currently receives EU Objective One funding. Restormel would benefit from the year-round non-seasonal trade a casino and its associated support services would bring.<sup>1</sup>

## Objections

- We received no letters opposing a casino in Restormel.
