

Dear Sir/Madam,

With regards to the Myers Report suggesting restrictions on small community radio stations, where small commercial stations exist, be lifted, particularly Article 4.7, we would like to add our support that this be adopted.

In answer to Question 3 i) Do you think that the rule prohibiting a community radio station from being licensed if it would overlap with an existing local radio service whose MCA is no more than 50,000 adults, should be lifted? **Resoundedly YES! People should have the choice.**

In answer to Question 3 ii) If so, should the advertising and sponsorship restriction be applied to community radio stations that overlap with local radio services of up to 150,000 adults? **No, each should be allowed to gain their own sponsorship.**

We trust you will consider our responses favourably and lift what we believe to be grossly unfair restrictions on our local community radio station, and by doing so, correct an unjust situation.

Kind Regards
Heather and Graham Robinson
