

Dear Friends

We have been involved with Warminster Community Radio for a number of years now.

Our principal involvement has been in producing the content for the Sunday morning service. Sometimes known as the God Slot.

The commercial radio station locally is not interested in such a programme for the community.

The community of Warminster needs a Christian input.

The local commercial radio stations are more interested in revenue than they are in supporting the community.

Please allow Warminster Community Radio to have a full broadcasting licence.

Thank you

Revs Stephen and Janet Wood  
Foundation Christian Fellowship  
Warminster
