Dear Sir or Madam

Re Myers report of Community Radio

I write to express the fervent wish that article 4.7 of the report on the above consultation should be adopted without delay.

I am a supporter of Warminster Community Radio, which under the present rules is only able to get a licence to broadcast to the public for four week periods twice a year. The community radio does a great deal of service to the local community, and we should be far better served as a community if it were able to broadcast to the public all the year round. It would seem that the Myers report suggestion would make this possible and would, at the same time, protect the interests of the existing station which has a PSB licence.

Yours faithfully

Revd A.J.R. Yates
