Geography

Develop an appreciation of the relationships and interdependence of different communities and cultures within and between societies.

Develop their knowledge and understanding of a variety of environments

Use a range of geographical skills

LESSON TWO: Imagine a life lived in poverty

ENGLAND AND WALES

AQA:

11.3 Graphical Skills

Interpret a variety of graphs including those located on maps and topological diagrams

EDEXCEL:

Unit 2: The Human World

2.1 Rates of population change vary from place to place and over time

2.2 Population structure and characteristics vary from place to place

OCR:

Unit 2 People and Places to Live

Population

Factors affecting the density and distribution of population. Variations in population structure between countries.

Unit 3 People and their Needs

Quality of Life

Imbalances in the quality of life between countries.

SCOTLAND

Geography

NORTHERN IRELAND

Develop an appreciation of the relationships and interdependence of different communities and cultures within and between societies.

Develop their knowledge and understanding of a variety of environments

Use a range of geographical skills

LESSON THREE: Consider the costs involved in eradicating world poverty

ENGLAND AND WALES

AQA:

11.4 Geographical enquiry skills

Identification of geographical questions, issues, hypotheses. Description, explanation, analysis of the data.

Drawing conclusions.

11.5 ICT Skills

Research and presentation

Use of the Internet to investigate case studies

EDEXCEL:

Unit 2: The Human World

2.1 Rates of population change vary from place to place and over time

2.2 Population structure and characteristics vary from place to place

OCR:

Unit 2 People and Places to Live

Population

Factors affecting the density and distribution of population. Variations in population structure between countries.

Unit 3 People and their Needs

Quality of Life

Imbalances in the quality of life between countries.

SCOTLAND

Geography

NORTHERN IRELAND

Develop an appreciation of the relationships and interdependence of different communities and cultures within and between societies.

Develop their knowledge and understanding of a variety of environments

Use a range of geographical skills

LESSON FOUR: Look at the work of DFID in combating poverty

ENGLAND AND WALES

AQA:

11.4 Geographical enquiry skills

Identification of geographical questions, issues, hypotheses. Description, explanation, analysis of the data.

Drawing conclusions.

11.5 ICT Skills

Research and presentation

Use of the Internet to investigate case studies

EDEXCEL:

Unit 2: The Human World

2.1 Rates of population change vary from place to place and over time

2.2 Population structure and characteristics vary from place to place

OCR:

Unit 2 People and Places to Live

Population

Factors affecting the density and distribution of population. Variations in population structure between countries

Settlement

Strategies to improve the quality of life in urban areas.

Unit 3 People and their Needs

Quality of Life

Imbalances in the quality of life between countries.

SCOTLAND

Geography

NORTHERN IRELAND

Develop an appreciation of the relationships and interdependence of different communities and cultures within and between societies.

Develop their knowledge and understanding of a variety of environments

Use a range of geographical skills

LESSON FIVE: Assess the barriers to reducing poverty

ENGLAND AND WALES

AQA:

10.1 Settlement

Settlements vary in structure and different urban zones have different characteristics. Urbanisation is a global phenomenon and presents challenges to human populations.

11.2 Cartographic Skills

Atlas maps: recognising and describing distributions and patterns of both human and physical features.

11.4 Geographical enquiry skills

Identification of geographical questions, issues, hypotheses. Description, explanation, analysis of the data.

Drawing conclusions.

11.5 ICT Skills

Research and presentation

Use of the Internet to investigate case studies

EDEXCEL:

Unit 2: The Human World

2.1 Rates of population change vary from place to place and over time

2.2 Population structure and characteristics vary from place to place

Unit 5: Managing the environment

5.2 River floods are the result of human and physical factors

Unit 6: Managing Hazards

6.2 Hazards have an impact on people and the environment

6.3 People can prepare for hazards, and they respond events in different ways

OCR:

Unit 2 People and Places to Live

Population

Factors affecting the density and distribution of population.

Variations in population structure between countries

Settlement

Strategies to improve the quality of life in urban areas.

Unit 3 People and their Needs

Quality of Life

Imbalances in the quality of life between countries.

SCOTLAND

Geography

NORTHERN IRELAND

Develop an appreciation of the relationships and interdependence of different communities and cultures within and between societies.

Develop their knowledge and understanding of a variety of environments

Use a range of geographical skills
