2. Total net bilateral oda/oa comprises flows from 22 DAC member countries, including the UK, but excludes the European Commission.
3. An estimate of multilateral net oda/oa that can be attributed to the UK.
4. Based on the numbers of people living below the international \$1 a day standard, measured in 1993 international prices and adjusted for local currency using purchasing power parities as given in Table 1.1. Estimates over 100 rounded to 2 significant figures.
5. Calculations are not appropriate for those countries in receipt of a negative UK and/or total net flow.
6. Individual country information is not available as UK to Pacific expenditure is at the regional level only.
