Figure 2.4 Bilateral and Multilateral Assistance as a percentage of DFID Programmes 1979/80 - 2003/04

- From 1983/84 onwards figures include payment for accommodation and other services previously met by the Property Services Agency. Payment to the FCO for the costs of aid administration overseas is included from 1990/91, and NRI administration costs from 1996/97. From 2003/04 figures cover the total cost of delivering all DFID's programmes.
- Comprises aid to developing countries, aid to DAC List Part II countries from 1989/90, global environmental assistance counted as aid from 1991/92 and administrative costs. Excludes all non-aid expenditure.
- 2001/02 is a unique year in that total DFID expenditure is understated by around £140m due to move to resource accounting. See glossary for details.
