1. 2001/02 is a unique year in that total DFID expenditure is understated by around £140m due to move to resource accounting.

2. See box 1 section 1 for details of CDC.

3. More details on this debt relief can be found in Table 24 and section 5.

4. This includes contributions from other Government Departments to CSOs, British Council and Global Conflict Pool, and small amounts of drug related assistance funded by the Home Office and FCO.

5. EC Attribution data for 2004/05 are provisional subject to the Court of Auditors report. Prior to 2004/05 aid to a group of 10 countries that joined the EC in 2004 was attributed to DFID however from 2004/05 these sums are attributed to the Treasury.
