

CONCESSIONARY BUS TRAVEL – BULLETIN #14

Launch of the new concession

The England-wide concession launched on 1 April. We here at the Department for Transport would like to thank everyone whose hard work made this possible. To get from where we were when the new concession was announced in 2006, to where we are today has involved an incredible amount of hard work from all involved. We have never underestimated the scale of this task and our thanks go to everyone involved with delivering the project.

Funding

The concessionary travel special grant to fund the extra cost of the new concession was debated on 25 March on the floor of the House of Commons. The grant distribution was discussed in detail and the special grant report was approved by the House. Our intention is to pay the grant in quarterly instalments for the next 3 years. Annex A gives details of the amounts and timings of the payments.

Unless we hear otherwise we intend to pay the grant to the same bank details as used for the s31 specific grant to cover the cost of new passes. If you have any queries about this please email us at: concessionaryfares@dft.gsi.gov.uk

Passes and Readers on Buses

We have received queries about whether the new concession passes can be read on readers in other local authority areas to where they were issued.

All of the smartcard passes that have been issued are ITSO compliant smartcards and have a concessionary fares product loaded which identifies which local authority has issued the pass. This means that they are capable of being read on an ITSO reader, but the reader must first be configured to recognise the products which feature on the concessionary passes issued by other local authorities.

At present, we are not aware of any buses equipped with ITSO readers that have been configured to recognise all passes. This means that, at present, passes will not be recognised on readers in other authority areas to where they were issued. However, testing has shown that readers can be configured to be able to recognise all of the concessionary passes and we would encourage anyone with ITSO readers to take steps to enable their readers to read cards from outside of their area.

We strongly recommend that anyone who is considering adding readers to buses ensures that they are configured to recognise all concessionary passes. A Master Reference List is held by ITSO Ltd which contains the scheme details such as the product OIDs and product types.

The passes cannot be read on non-ITSO smart readers. This includes London Oyster readers.

If a pass cannot be read on a smartcard reader because it has been issued from outside of the local area, it should be accepted after being displayed to the driver.

ITSO Services Ltd Roadshows

ITSO Services Ltd (ISL) is running a number of roadshows. These are an opportunity for TCAs to meet ISL and to talk through the key issues going forwards. These events are FREE to attend, and discussions are likely to be based around the following topics:

- What ISL & TCA's have achieved so far, and the lessons learned;
- The next steps for ISL in supporting TCA's;
- Walk-through guidance & documentation;
- TCA Migration from non-smart to smart;
- Stoplisting processes (what to do in the event of lost or stolen cards);
- Case studies on current TCA smart schemes;

Five dates have been confirmed for these liaison days:

- Wednesday 28th May- Birmingham Council House

- Thursday 29th May - WYPTE (METRO) offices in Wellington Street Leeds
- Tuesday 3rd June - Avon Gorge Hotel in Bristol
- Wednesday 4th June - Royal Albion Hotel in Brighton
- Thursday 5th June - Downing College Cambridge

We would encourage all TCAs to attend as this is your chance to meet the ISL team and discuss any issues you wish. The Department is likely to attend most of the road show, so you can also discuss pass issues with us (but please note, the purpose of these road shows is not to discuss wider issues of funding or reimbursement).

If you are interested in attending any of these dates, please email ITSO Services Ltd directly:

helpdesk@itsoservices.org.uk

ITSO Services Ltd and Stoplising

ISL have recently sent an email about stoplising to all TCAs who have signed up to receive their services. The email details what information TCAs must provide to ISL and also gives further information about stoplising. More information on this issue can be found on ISL's website:

<http://www.itsoservices.org.uk/default.asp?contentid=211&langid=1>

It is important that TCAs do ensure that the necessary information is passed to ISL. Stoplising is a very important tool to combat fraud, but will only work properly if TCAs provide ISL with the information they require.

Validation Service

ITSO is now able to offer to TCAs a pass validation service which will check that passes have been configured correctly. This service is open to all TCAs, on payment of an appropriate fee. We strongly recommend that any TCAs who are changing their pass provider, or who are taking pass production in-house, take advantage of this service to ensure that their passes are configured correctly before mass pass production starts.

Temporary Passes

The Department has distributed 433,000 temporary passes to 209 TCAs. However, the monitoring forms that have been submitted to the Department reveals that far fewer have been distributed to concessionaires.

As of 23rd April, monitoring forms had been received from 143 TCAs suggesting that 23,680 temporary passes had been distributed to concessionaires. This figure includes passes that have subsequently been returned on receipt of a smartcard pass.

TCAs who have temporary passes are reminded of the need to keep them securely as they remain valid to 30 September. Any temporary passes that have been issued to and subsequently returned by concessionaires should be destroyed by the TCA in accordance with the guidance that was sent out on 13 February. Unused passes that are no longer required should be returned to the Department. Any queries about temporary passes should be sent to:

Concessionaryfares@dft.gsi.gov.uk

Appeals

In the last bulletin the Department issued clarification about the way local authorities should apply the fixed sums used in appeal determinations and, in particular, the need to reflect changing circumstances. This had been a particular concern of operators who felt that the fixed sum could be misconstrued as a final assessment of fair reimbursement for the whole year.

As some of you may be aware, the Department has received a number of notices of Judicial Reviews with respect to appeal determinations made in 2007/08.

Given that a legal process has been started we need to avoid detailed discussion of any of the points contained in those actions. However, we recognise that this can provide a degree uncertainty for those TCAs with an interest in the specific determinations in question.

We will keep you informed of developments, but in the meantime we would refer TCAs to the advice in the last bulletin.

Recent and future communications from DfT

As preparations for the new concession continue the Department has issued, and is likely to continue to issue, a number of important communications to TCAs. These either take the form of a direct letter to TCAs, or information included in a bulletin. To ensure that all TCAs are aware of all of these communications a list of key recent and future communications is provided below.
