Achieving Effective Health & Safety in Construction

'Where there has been gross r
have been able to escape acc
that they cannot escape' (Larry

Tuesday 9th December 2003 - Caver

Would your safety standards stand up in court?

Next year, a new Corporate Killing Bill will be introduced. The new legislation will mean that firms found guilty of flouting the law face fines of millions of pounds or even jail. Health and safety is suddenly at the top of everyone's agenda. So what can you do to improve your health and safety on site?

Practical strategies to improve safety on site

This critical one-day conference is designed to provide you with an opportunity to learn from unique case studies, new initiatives and up-to-the-minute research. With no less than four insightful case studies delivered by major contractors such as Taylor Woodrow and Carillion and speakers from the Health and Safety Executive and Department of Trade and Industry, this conference promises to give you the solutions to succeed. Plus, expert speakers from Lovells will share their insights into what the new bill will mean to you and your organisation.

"Building an industry that is safe... and one that has a healthy workforce... it's the only way to sustain a successful construction industry"

Bill Callaghan, Chair, Health and Safety Commission, November 2002

Tailored for the construction industry, this event brings together the key players and will enable you to share best practice and discuss the challenges you are all facing.

Who should attend?

Health and safety regulations apply to all organisations, large or small. Everyone in your company has a responsibility for safety, so as a construction professional this conference should be an essential date in your diary.

The new bill won't discriminate on job title or size of firm, should you be at this conference?

Sponsorship and Exhibition Opportunities

This event offers a unique opportunity to meet with some of the key players in the construction industry. If you have a service or product to sell you can do so at this event by:

- Hosting a drinks reception, lunch or coffee break
- Booking an exhibition space at the conference
- Advertising in the delegate documentation pack

For further details of these and other packages please call Seb Byrd, Business Development Manager, on 020 7505 6836 or email seb.byrd@emap.com

- 09.00 Registration
- 09.30 Chairman's opening remarks
Stephen Ratcliffe
Chief Executive
Construction Confederation
