

THE GAS APPLIANCES DIRECTIVE UNITED KINGDOM NOTIFIED BODIES

EUROPE

DIRECTIVE 90/396/EEC: NOTIFICATION OF BODIES IN ACCORDANCE WITH THE GAS APPLIANCES DIRECTIVE

Under the provisions of Article 9 of the Gas Appliances Directive, the Department of Trade and Industry has notified the European Commission and other member States that the following laboratories/organisations have been appointed by the Secretary of State for Trade and Industry. Also the Commission has suggested that where the Directive calls for the identification symbol of the notified body to be used with the CE mark, this should be represented by a unique distinguishing number for each notified body. The number allocated by the Commission can be found directly after the name and address of each laboratory. This list is correct as of **February 2004**.
