

MACHINERY - INDEPENDENT SOURCES OF ADVICE

- ❑ The EC Machinery Directive 98/37 EC has been implemented in UK law by the Supply of Machinery (Safety) Regulations 1992 (SI 1992/3073) and the Supply of Machinery (Safety) (Amendment) Regulations 1994 (SI 1994/2063). Copies of the Regulations are available from the Stationery Office bookshops and accredited agents or from the Stationery Office on 0870 600 5522 or fax: 0870 600 5533.
- ❑ The DTI booklet *Product standards - Machinery (May 1995)* gives comprehensive information on the Supply of Machinery (Safety) Regulations 1992 (as amended) and a broad range of contacts for further information. The booklet is available from the DTI's Publications Orderline on 0870 1502 500.
- ❑ The Department is also aware of a number of independent consultants who have indicated that they are able to offer advice on the Regulations. The Department, however, has no knowledge of their expertise or status and enquirers should therefore satisfy themselves as to their experience and services when making their enquiry.
