

UK OFFICIAL HOLDINGS OF INTERNATIONAL RESERVES

Part I: UK Government Foreign Currency Assets and Liabilities – September 2008

1. UK Government net reserves rose by \$575 million in September 2008, bringing the end-September total to \$25,723 million (£14,434 million¹) compared with \$25,148 million (£13,789 million²) at end-August 2008.

	US \$ million: market values	
	End August 2008	End September 2008
Gross Reserves³	53,885	53,140
Liabilities	-28,737	-27,417
<i>of which</i>		
<i>foreign currency forwards and swaps (net)⁴</i>	-18,118	-16,964
<i>repo transactions⁵</i>	-8,688	-8,179
Net reserves⁶	25,148	25,723
Change in net reserves		575
<i>of which</i>		
valuation effects		573
transactions against sterling		2
<i>of which</i>		
<i>UK public sector customers</i>		-559
<i>Other</i>		561

2. As set out in the Chancellor's letter of 6 May 1997 to the Governor of the Bank of England, if the Government so instructs, the Bank, acting as its agent, may intervene in the foreign exchange market by buying or selling Government foreign exchange reserves. If intervention is undertaken, the monthly press release will provide details of the amount and date of the intervention and an explanation of why it was undertaken. No intervention operations were undertaken in September.

Part II: Bank of England Foreign Currency Assets and Liabilities – September 2008.

1. Bank of England net holdings of foreign currency and gold rose by \$5 million in September 2008, bringing the end-September total to \$4 million (£2.2 million¹) compared with \$0 million (£0million²) at end-August 2008.

	US \$ million: market values	
	End August 2008	End September 2008
Assets³	19,864	18,418
Liabilities	-19,864	-18,414
<i>of which</i>		
<i>foreign currency forwards and swaps (net)⁴</i>	-764	-228
<i>repo transactions⁵</i>	0	0
Net assets⁶	0	4
Change in net holdings		5
<i>of which</i>		
valuation effects		22
transactions against sterling		-17
<i>of which</i>		
<i>UK public sector customers</i>		-
<i>Other</i>		-17

2. As set out in the Chancellor's letter of 6 May 1997 to the Governor of the Bank of England, the Bank may also undertake foreign exchange operations to intervene in support of its monetary policy objective. If intervention is undertaken, the monthly press release will provide details of the amount and date of intervention and an explanation of why it was undertaken. The Bank undertook no such intervention operations in September.

3. Bank of England foreign currency assets and liabilities mainly arise from the Bank's foreign exchange reserves, deposits placed with the Bank by overseas central banks and other customers, and other capital items.

1. When converted at a closing market rate of £1 = \$1.7821 on 30 September.
 2. When converted at a closing market rate of £1 = \$1.8238 on 31 August.
 3. In this presentation gross reserves in part 1 and assets in part 2 exclude market valuation of foreign currency forwards and swaps. These derivatives are shown (excl sterling leg) within liabilities.
 4. Net present value of foreign currency forwards, interest rate and cross currency swaps (excl sterling leg).
 5. Market value of liabilities to repay foreign currency received in repo transactions.
 6. Figures may not sum due to rounding.
-

Notes for Editors

Background

1. UK international reserves figures are published in accordance with the methodology developed by the International Monetary Fund in the context of revisions to its Special Data Dissemination Standard (SDDS), and the G10 central banks in their report “*Enhancing transparency regarding authorities’ foreign currency liquidity position*”.

2. The UK began to disclose additional information on its foreign currency assets and liabilities required under the International Monetary Fund Special Data Dissemination Standard (assets, liabilities and derivatives) from July 1999. Past data can be revised; the most up to date historical data for end-July 1999 onwards can be found on the Bank of England website at www.bankofengland.co.uk/statistics/reserves.

Methodology and definitions

3. The Bank of England website also provides information on the methodology now used and definitions of the main conventions employed.

A National Statistics publication

4. National Statistics is the official source for authoritative, accurate and relevant information on the economy and society. It brings together a vast range of statistical information overseen by the National Statistician. The National Statistics logo is your assurance of statistics produced to the highest professional standards. For more information about National Statistics visit www.statistics.gov.uk. The release of data in this press notice has followed the National Statistics Code of Practice and Protocol of Release Practices.

Next publication date

5. The figures for October 2008 are due for publication on Wednesday 5th November 2008.
