

Dear Andrew,

Thank you for your email. I suppose that I actually have two areas of interest that might be relevant to your review. The first is my role in evaluating IP research for the ESRC over the years and in particular the £ 1.1 million research programme a number of years ago. I have also discussed plans with ESRC and AHRC about encouraging researchers in this area. I have also talked with Ron Marchant about such plans

The other is my specialism in the relationship between Competition Law and IP rights. I am currently advising the Singapore Government on that issue and I helped the IPAC when they began to explore this relationship.

If either is of interest to you, I would be happy to meet you to talk things over.

Steve Anderman  
Professor of Law
