

The 100 Group of Finance Directors

The 100 Group of Finance Directors notes the publication of further draft clauses of the Company Law Reform Bill covering narrative reporting. The draft clauses largely reflect the views of the 100 Group expressed over many years regarding the protections that should be afforded to directors in order to ensure effective narrative reporting and therefore the clauses have the support of the 100 Group.

Regards,

Philip Broadley
Chairman of the 100 Group
