13 September 2005

HIA 06/05

Dear HIA

HIA Conference 2005

This letter sets out revised plans for this year's HIA conference and asks you to let us know about any issues that you would like the conference to address.

2. Following the issue of HIA 04/05 on 21 July in which we proposed to run a two-day Corporate Governance Conference in February and a one-day event for HIAs in December, we received comments about the importance of a residential conference for HIAs from a number of you. In the light of your feedback we have adjusted our plans to take account of your needs as expressed to us. There will now be a residential HIA conference (to which RIMs will also be invited as their current agenda overlaps significantly with the interests of HIAs) on **13 and 14 February** in Brighton.

3. We will have to expand the programme that accompanied HIA 04/05 and your views about any additional agenda items would be very welcome. Please send your suggestions to Karen Parsons here in ACR (mailto:karen.parsons@hm-treasury.gov.uk).

Yours sincerely

Richard Fennelly
