### Explanation of Accounting Officer responsibilities

In accordance with the Government Resources and Accounts Act 2000 the Treasury has made the following Accounting Officer appointments for the Requests for Resources within this Estimate.

**Request for Resources 1**

Karen Dunnell, Director of the Office for National Statistics

Karen Dunnell as the Accounting Officer of the Office for National Statistics has personal responsibility for the proper presentation of the department's resource accounts as prescribed in legislation, or by the Treasury, and their transmission to the Comptroller and Auditor General. The AO as the permanent head, remains in general overall charge of the Office for National Statistics.

The responsibilities of an Accounting Officer are set out in Annex 4.1 of Government Accounting. In essence these responsibilities include a personal responsibility for the propriety and regularity of the public finances for which they are answerable; for keeping of proper accounts; for prudent and economical administration; for the avoidance of waste and extravagance; and for the efficient and effective use of all the available resources. In addition, the Accounting Officer must ensure that there is a sound system of internal control to support the achievement of the organisation's policies, aims, and objectives and should regularly review the effectiveness of that system.

### Departmental Expenditure Limits and Administration Budgets

	Change		New DEL		£'000
	Voted	Non-voted	Voted	Non-voted	Total
Resource DEL	1,418	777	161,846	6,777	168,623
<i>of which:</i>					
<i>Administration budget*</i>	768	777	161,646	6,777	168,423
<i>Near-cash in RDEL</i>	1,418	-	139,081	7,218	146,299
Capital**	10	-	27,580	-	27,580
Less Depreciation†	-	-	-19,633	-	-19,633
Total	1,428	777	169,793	6,777	176,570

\* The total of 'Administration budget' and 'Near-cash in Resource DEL' figures may well be greater than total resource DEL, due to the definitions overlapping.

\*\*Capital DEL includes items treated as resource in Estimates and accounts but which are treated as Capital DEL in budgets.

†Depreciation, which forms part of resource DEL, is excluded from total DEL since capital DEL includes capital spending and to include depreciation of those assets would lead to double counting.
