Dear Ms Engledow

**Response to the consultation document dated 27 February 2004**

I attach a memorandum setting out my suggested changes to existing provisions of the Financial Promotion Order, which I hope that the Treasury will find acceptable. Now is a very good opportunity to correct some of the provisions in the existing order. I am putting forward my suggested amendments as a response to question 20 in Volume 1, and have explained in section 4 why I have referred to some of them by reference to the Regulated Activities Order.

I hope to be able to send you a shorter memorandum later this week which will suggest amendments to the draft new article 70 and also contain responses to some of the questions asked in Volume 1.

I apologise for submitting the memorandum late (albeit only one business day after the final date specified by the Treasury). I am afraid that I have been away from the office for the last several weeks because of illness and ran out of time in processing the memoranda. I hope that therefore you will accept the memoranda even though they are a little out of time.

Yours sincerely

Charles Abrams
