³ An industry breakdown according to the previously used Insolvency Trade Classifications (ITC) is available up to Q3 2006 at

<http://www.insolvency.gov.uk/otherinformation/statistics/20070220table.htm>. The period from Q4 2006 to Q2 2007 is not available broken down by industry.

⁴ Totals for compulsory liquidations here are not the same as the headline figures under Table 1. This is because the industrial breakdown has been compiled from a specially selected extract from the live database, whereas the headline figures are produced monthly using a different reporting system.

¹ Changes have been made to the part of the database used to capture information on trading status and industry codes. From 2006 Q4, "self-employed" includes the categories "self-employed"; "trader but failure not as a result of trading" and "trading partnership" and "other individuals" includes "non-trading"; "non-surrender" and "unknown". The breakdown by trading status from Q4 2006 should not therefore be considered to be entirely consistent with that for the earlier period.

³ An industry breakdown according to the previously used Insolvency Trade Classifications (ITC) is available up to Q3 2006 at <http://www.insolvency.gov.uk/otherinformation/statistics/200702/tables.htm>. The period from Q4 2008 to Q2 2007 is not available broken down by industry.

⁴ Totals for trading-related bankruptcies here are not entirely consistent with the figures under Table 2a. This is because the industrial breakdown has been compiled from a specially selected extract from the live database, whereas the headline figures are produced monthly using a different reporting system.

¹ Since the revisions to corporate administration under the Enterprise Act, those administrations which resulted in a Creditors' Voluntary Liquidation (CVL) have been separately recorded by Companies House. These post-Administration new case CVLs are not included under the headline CVL figures at Table 1 as they do not represent a new company entering into an insolvency procedure for the first time. Similar information for Administrations converting to a Compulsory Liquidation or to a Company Voluntary Arrangement is not available; however numbers of these are relatively low in comparison.

² On 1 April 2008, Part 1 of the Bankruptcy and Diligence etc. (Scotland) Act 2007 came into force making significant changes to some aspects of bankruptcy, debt relief and debt enforcement in Scotland. This included the introduction of the new route into bankruptcy for people with low income and low assets (LILA). Of the number or sequestrations, individuals who meet LILA criteria are shown in brackets (See "Notes to Editors" paragraph 15).

¹ Calculated from company liquidations in the latest twelve month period divided by the average number of companies in that period. As from Q2 2008, register figures supplied by Companies House are counted at the end of each calendar month; previously they were monthly averages.

² The total register includes companies being wound up or dormant.
