

STATISTICS RELEASE: INSOLVENCIES IN THE SECOND QUARTER 2010

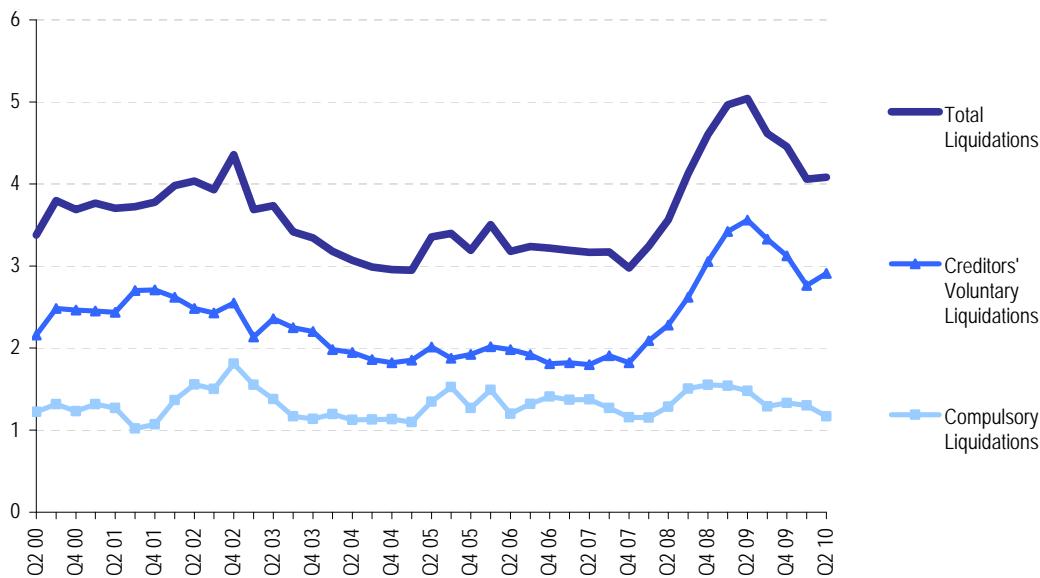

Statistics showing insolvencies in the second quarter of 2010 are published today (6 August) by the Insolvency Service.

COMPANY INSOLVENCIES

There were 4,080 compulsory liquidations and creditors' voluntary liquidations in total in England and Wales in the second quarter of 2010 (on a seasonally adjusted basis). This was an increase of 0.5% on the previous quarter and a decrease of 19.1% on the same period a year ago.

Figure 1. Company Liquidations in England & Wales

Thousands, seasonally adjusted

Source: Insolvency Service and Companies House

This was made up of 1,169 compulsory liquidations (which are down 9.9% on the previous quarter and down 21.0% on the corresponding quarter of the previous year), and 2,911 creditors voluntary liquidations (which are up 5.4% on the previous quarter and down 18.3% on the corresponding quarter of the previous year).

In the twelve months ending Q2 2010, approximately 1 in 127 active companies (or 0.8%) went into liquidation, which is a slight decrease from the previous quarter, when this figure stood at 1 in 120.

p = provisional,

¹ Longer series back to 2000 are presented in the accompanying detailed tables.

² Includes Law of Property Act receivers (see "Notes to Editors" paragraph 9).

³ Includes Administrator Appointments.

Note: The figures in Table II are not seasonally adjusted and are not, therefore, on the same basis as the headline figures in Table I. The accompanying detailed tables also include the non-seasonally adjusted series for corporate liquidations.

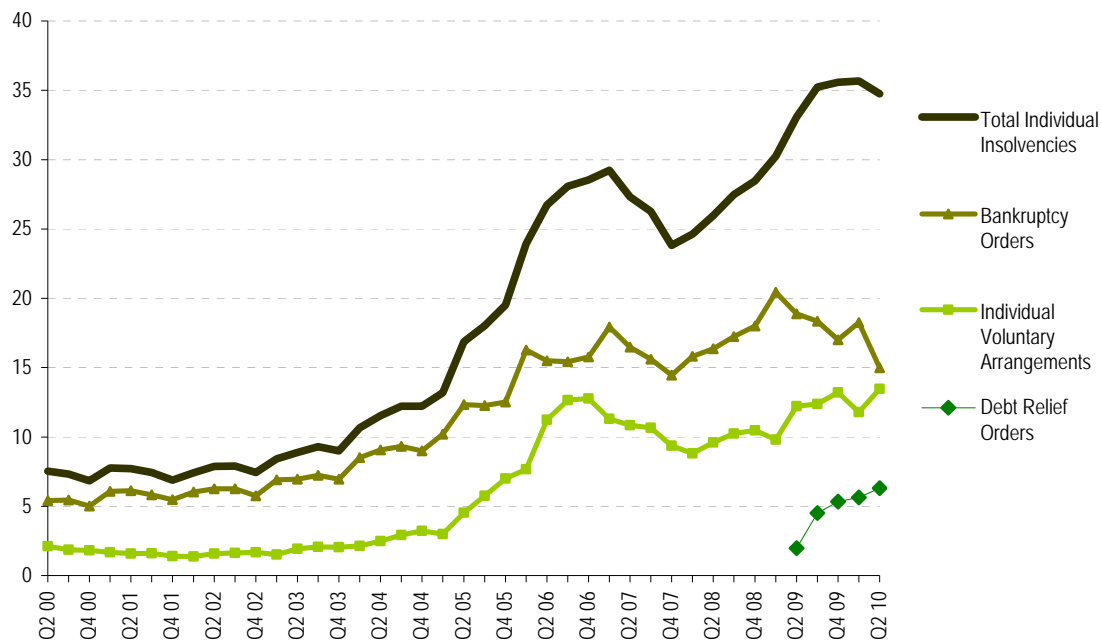

INDIVIDUAL INSOLVENCIES (not seasonally adjusted - see 'Notes to Editors' paragraph 13)

There were 34,743 individual insolvencies in England and Wales in the second quarter of 2010. This was an increase of 5.0% on the same period a year ago.

This was made up of 14,982 bankruptcies (which were down 20.6% on the corresponding quarter of the previous year), 13,466 Individual Voluntary Arrangements (IVAs), (which were up 10.2% on the corresponding quarter of the previous year) and 6,295 Debt Relief Orders (DROs) (see 'Notes to Editors' paragraph 12).

Figure 2. Individual insolvencies in England & Wales

Thousands, not seasonally adjusted

Source: Insolvency Service

Total individual insolvencies for Q2 2009 onwards include Debt Relief Orders, which came into force on 6 April 2009

In the second quarter of 2010, 85.7% of bankruptcies were made on the petition of the debtor, comparable to the levels for recent quarters. The percentage of bankruptcy orders involving trading debts (self-employed bankruptcies) was 12.7% in the first quarter of 2010 (second quarter 2010 figures for trading-related bankruptcies are not yet available), similar to the level for 2009 as a whole.

Table III. Individual Insolvencies in England and Wales (not seasonally adjusted) ¹

INSOLVENCY STATISTICS USER ENGAGEMENT CONSULTATION

The Insolvency Service Statistics Team has launched a user engagement consultation, to run from 26 July to 18 October 2010. We are interested in hearing your views about how you use our statistics and how you think we could improve them. Included in this exercise are all Official Statistics produced by the Insolvency Service, which can be found on the website at www.insolvency.gov.uk/statistics.

The Consultation Document can be found here:

http://www.insolvency.gov.uk/insolvencyprofessionandlegislation/con_doc_register/Insolvency%20Statistics_ConDoc_July%202010.pdf

Notes to Editors

1. The official Insolvency Statistics are the most comprehensive record of the number of corporate and individual insolvencies in England and Wales. Insolvencies in Scotland and Northern Ireland are also included, but are shown separately as they are covered by separate legislation, there are some differences in definition, and policy responsibility for them lies within the devolved administrations.
2. The statistics for England and Wales are derived from administrative records of the department for Business, Innovation and Skills (BIS)' Insolvency Service and Companies House Executive Agencies. For Scotland, the company insolvency statistics are derived from administrative records at Companies House. Figures for individual insolvencies in Scotland are sourced from the Office of the Accountant in Bankruptcy (AiB). The Northern Ireland statistics are derived from administrative records of the DETI Insolvency Service and Companies House. Generally speaking, numbers of cases are based on the date the insolvency procedure was registered on the administrative recording system, not on the date of the order or agreement.
3. Numbers of insolvencies are not directly comparable with official estimates of business stock, formations or closures. Statistics of business start-ups and closures that are directly comparable with each other have been assembled from VAT and PAYE registered unit records and are published by the Office for National Statistics (ONS) in the 'Business Demography' report. The latest figures are those for 2008, and were issued in an ONS press notice on 30 November 2009. More detailed figures are available via the on-line database NOMIS. Additionally, the 'Small and Medium Enterprise statistics (SME) for the UK and regions' report, published by BIS, estimates the total number of businesses in the United Kingdom at the start of 2008 at 4.8 million.
4. The X12ARIMA program (developed by the US Census Bureau) is used for the seasonal adjustment of the insolvency statistics for England and Wales, this being the recommended program within UK National Statistics. Seasonal adjustment is a process by which changes that are due to seasonal or other calendar influences are removed to produce a clearer picture of the underlying behaviour of the data series. The data series covering Scotland and Northern Ireland do not demonstrate consistent seasonality and only the raw (unadjusted) series are presented.
5. Insolvent companies entering liquidation in England & Wales and Scotland are dealt with under the Insolvency Act of 1986 and, in Northern Ireland, by the Insolvency (Northern Ireland) Order 1989. They can **either** be the subject of a **compulsory liquidation** (winding-up) order obtained from the court by a creditor, shareholder or director **or** themselves pass a resolution, subject to the approval of a creditors' meeting that the company be wound up voluntarily (**creditors voluntary liquidations**, registered at Companies House/Companies Registry). In either case they are said to have been **wound-up**, and numbers are given in Tables 1, 4 and 6. A third type of winding-up, members' voluntary liquidation, is not included because it does not involve insolvency.
6. The Insolvency Act 1986 and, in Northern Ireland, the Insolvency (Northern Ireland) Order 1989 also introduced the procedures of **company administration orders** and **company voluntary arrangements (CVAs)**. The administration procedure gives a period of time during which creditors are restrained from taking action and a court appointed administrator puts forward proposals to deal with the company's financial difficulties. The CVA procedure aids business by enabling a company in financial difficulty to come to a binding agreement with its creditors. These are listed separately under Table 3 for England and Wales and Table 5 for Scotland.
7. The Enterprise Act 2002 introduced revisions to the corporate administration procedures, replacing Part II of the Insolvency Act 1986 with Schedule B1. These include the introduction of additional entry routes into administration that do not require the making of an administration order and a streamlined process for **Administrations** whereby a company can in some circumstances be dissolved without recourse to liquidation. The primary objective of administration (and of CVAs) is the rescue of the company as a going concern. These provisions came into force on 15th September 2003 and **Administrations under the Enterprise Act** have been included on Tables 3 and 5 from Q3 2003 (dissolution follows 3 months after a notice is filed with the Registrar of Companies, if no objections are raised by the court). On 27th March 2006 the Insolvency (Northern Ireland) Order 2005 introduced similar revisions to the corporate administration procedures in Northern Ireland, replacing Part III of the Insolvency (Northern Ireland) Order 1989 with Schedule B1.
8. Since the Enterprise Act 2002, a number of these streamlined administrations have subsequently converted to a creditors' voluntary liquidation. These liquidations in England and Wales are not included

under the headline figures here or at Table 1, as they do not represent a new company entering into an insolvency procedure for the first time. For completeness, however, they are included under Table 3d. It is also possible for the outcome of an administration to be entry into a company voluntary arrangement or a compulsory liquidation, but these cases are not separately identifiable from Companies House' information and will therefore be included within the new case figures for these procedures (the numbers involved are relatively few, compared to those entering CVL). For Scotland and Northern Ireland, figures for creditors' voluntary liquidation *include* those companies which has previously been in administration or other insolvency procedure, as insufficient data is currently available to separate them from the totals, prior to 2010.

9. **Receivership appointments** comprise **administrative receivers** appointed under the 1986 Insolvency Act (and the 1989 Order for Northern Ireland) and certain **other receiver appointments, for example under the Law of Property Act 1925** - due to the use of the same statutory documentation for different types of receivership, it is not possible to give a breakdown between them. Law of Property Act receivers are classed as *Enforcement of Security* and are not insolvency procedures under the Insolvency Act of 1986. For this reason levels of, and trends in, receivership appointments should be interpreted with caution. The provisions of the Enterprise Act 2002 [section 250] (Insolvency [Northern Ireland] Order 2005 [Article 5]) have made some changes to the procedures for administrative receivership.

10. Figures sourced from Companies House (E&W) were revised previously (where appropriate) between 2007 Q1 and 2008 Q1. This reflected inaccuracies identified in the counting of cases during validation following the move to a new IT system in February 2008. The most noticeable revisions were to receiverships (where some companies had been counted more than once); the rest of this series prior to 2007 is not available on a revised basis. However, it should also be noted that because the revised counts have been run against a live database, they do not exactly reflect the original numbers of new cases that would have been reported.

11. Individual insolvencies in England and Wales and in Northern Ireland are made up of **bankruptcy orders** and **individual voluntary arrangements (IVAs)** (though see also paragraph 12 below regarding the introduction of **debt relief orders (DROs)** in England and Wales). Insolvent individuals in England and Wales are dealt with mainly under the Insolvency Act 1986. A bankruptcy order is made on the petition of the debtor or one or more of his creditors when the court is satisfied that there is no prospect of the debt being paid. (Figures for bankruptcy orders include orders relating to the estates of deceased debtors). There are also individual voluntary arrangements (IVAs) and deeds of arrangement (the latter under the Deeds of Arrangement Act 1914), which enable debtors to come to an agreement with their creditors. Table 2 summarises the above procedures for England and Wales (IVAs and Deeds of Arrangement are included under a single column) and Table 2a provides bankruptcy orders further split by petition type. Changes to bankruptcy law in England and Wales introduced by the Enterprise Act 2002 came into force on 1 April 2004 – the Act made no changes to the existing individual voluntary arrangement regime.

12. The Tribunals, Courts and Enforcement Act 2007 introduced a new route into personal insolvency called the debt relief order (DRO), which came into effect from 6 April 2009. DROs provide debt relief, subject to some restrictions, and are suitable for people domiciled in England and Wales who do not own their own home, have little surplus income (no more than £50 a month), assets (other than possibly a car) not exceeding £300, and less than £15,000 of debt. DROs do not involve the courts; they are run by The Insolvency Service in partnership with skilled debt advisers, called approved intermediaries. A DRO lasts for a period of one year before discharge and, as for bankruptcy, there are penalties in place for debtors who seek to abuse the process. Additional information may be found on The Insolvency Service website here: <http://www.insolvency.gov.uk/bankruptcy/alternativestobankruptcy.htm>. Table 2 includes DROs from the second quarter of 2009.

13. The series for bankruptcy orders can not be seasonally adjusted from Q2 2009 onwards due to the introduction (wef 6 April 2009) of debt relief orders (DROs). DROs comprise some of those individuals who would have otherwise been declared bankrupt (a subset of DRO-eligible cases, who were advised of the DRO route and chose to take it) and other individuals who, perhaps, could not have afforded the fee to enter into bankruptcy and who may have otherwise been in an informal debt management process, or been unable to access any form of debt resolution. It is not possible to quantify the impact of the introduction of DROs on the number of bankruptcy orders, nor to adjust the latter for it and, as a result, not possible to compile a consistent seasonally adjusted series for bankruptcy orders. Table 2

therefore only shows bankruptcy orders (and the derived “total individual insolvencies”) on a seasonally adjusted basis up to the first quarter of 2009.

14. Table 2b records numbers of Income Payments Orders (IPOs) and Income Payments Agreements (IPAs) where the bankrupt makes regular payments from surplus income towards his/her debts for a period of time, either by court order or by agreement. The figures record numbers of IPOs/IPAs made in each period, they do not, in general, relate to the date of the original bankruptcy order. Table 2b records a number of IPAs before Q2 2004 because the IPA provisions of the Enterprise Act 2002 (commenced on 1 April 2004) were applicable, upon commencement, to pre-commencement bankruptcies.

15. Insolvent individuals in Scotland (Table 4) are subject to **sequestration** (bankruptcy) or **protected trust deeds** under the Bankruptcy (Scotland) Act 1985 (as amended). This Act was amended by the Bankruptcy (Scotland) Act 1993. On April 1 2008 the Bankruptcy and Diligence etc. (Scotland) Act 2007 came into force making significant changes to some aspects of bankruptcy, debt relief and debt enforcement in Scotland. Most notably, as far as these statistics are concerned, it introduced a new route into bankruptcy for people with low income and low assets (LILA). The sequestration figures for Q2 2008 onwards include these new LILA cases; therefore trends in numbers of sequestrations before and after this date should be interpreted with care. Protected trust deeds are voluntary arrangements in Scotland, but although they fulfil much the same role as individual voluntary arrangements, there are important differences in the way they are set up and administered. Details of both sequestrations and protected trust deeds are found on the register of insolvencies, which is maintained by the Accountant in Bankruptcy. Further information about insolvency in Scotland can be found on the Accountant's website at www.aib.gov.uk. It should also be noted that from April 2008, personal insolvency statistics have been extracted from information published on the AiB website (latest release 21 July 2010); whereas previously it was supplied on request, tailored to our publication requirements.

16. Insolvent individuals in Northern Ireland are dealt with under the Insolvency (Northern Ireland) Order 1989 and are recorded under Table 6. On 27 March 2006 the Insolvency (Northern Ireland) Order 2005 came into operation and implemented similar changes to bankruptcy procedures as the Enterprise Act 2002 introduced in England and Wales. Further information about insolvency in Northern Ireland can be found on their website at <http://www.detini.gov.uk/deti-insolvency-index.htm>.

17. Under the Insolvency Act 1986 and the Insolvent Partnerships Order and, in Northern Ireland, the Insolvency (Northern Ireland) Order 1989 and the Insolvent Partnerships Order (Northern Ireland) 1995, insolvent partnerships may be wound up as an unregistered company or administered following bankruptcy orders against the partners. Insolvent Partnerships can also enter administration or a voluntary arrangement.

18. Company insolvencies and bankruptcy orders (relating to the self-employed) in England and Wales broken down by industry are available from Q3 2007 according to the Standard Industrial Classification (SIC) 2003, bringing them into line with other official statistics. Industry breakdowns for compulsory liquidations and bankruptcies (only) are only available one quarter in arrears of the headline series. Figures according to the previously used Insolvency Trade Classification (ITC) are available up to Q3 2006, but information by industry is not available for the period between Q4 2006 to Q2 2007 (inclusive) on either classification. Additionally, the broad split of bankruptcy orders into self-employed and other individuals is available under Table 2a.

19. Company liquidations in Scotland are available from Q1 2007 based on the SIC2003 industry breakdown and these can be found in Tables 4a and 4b. Earlier data are available separately classified according to the Insolvency Trade Classification (ITC).

20. Information concerning insolvency legislation, policy evaluation and research in England and Wales may be obtained from the Insolvency Service website at www.insolvency.gov.uk.

National Statistics

'National Statistics' is the national standard for official statistics. The 'National Statistics' Quality Mark indicates that the statistics have been produced in accordance with a Code of Practice for Official Statistics. The Code of Practice requires the statistics to be produced, managed and disseminated to high professional standards. They must be well-explained and meet users' needs. The 'National Statistics' standard has statutory backing.

More information about the UK Statistics Authority and a range of National Statistics can be found at www.statistics.gov.uk

¹ The Standard Industrial Classification (SIC 2003) definitions can be found at [http://www.statistics.gov.uk/methods_quality/sic/downloads/UK_SIC_Vol1\(2003\).pdf](http://www.statistics.gov.uk/methods_quality/sic/downloads/UK_SIC_Vol1(2003).pdf)

² Unknown SIC

³ An industry breakdown according to the previously used Insolvency Trade Classifications (ITC) is available up to Q3 2006 at

<http://www.insolvency.gov.uk/otherinformation/statistics/2007/02/table4.htm>. The period from Q4 2006 to Q2 2007 is not available broken down by industry.

⁴ Totals for compulsory liquidations here are not the same as the headline figures under Table 1. This is because the industrial breakdown has been compiled from a specially selected extract from the live database, whereas the headline figures are produced monthly using a different reporting system.

p Provisional.

: Not applicable

r Revised, reflecting routine updates to the seasonally adjusted series.

¹ Debt Relief Orders (DROs) came into effect on 6 April 2009 as an alternative route into personal insolvency. See "Notes to Editors" paragraph 12.

² Including Deeds of Arrangement

³ The series for bankruptcy orders is only seasonally adjusted up to Q1 2009; see "Notes to Editors" paragraph 13.

¹ Changes have been made to the part of the database used to capture information on trading status and industry codes. From 2006 Q4, "self-employed" includes the categories "self-employed"; "trader but failure not as a result of trading" and "trading partnership" and "other individuals" includes "non-trading"; "non-surrender" and "unknown". The breakdown by trading status from Q4 2006 should not therefore be considered to be entirely consistent with that for the earlier period.

¹ The Standard Industrial Classification (SIC 2003) definitions can be found at [http://www.statistics.gov.uk/methods_quality/sic/downloads/UK_SIC_Vol1\(2003\).pdf](http://www.statistics.gov.uk/methods_quality/sic/downloads/UK_SIC_Vol1(2003).pdf)

² Unknown SIC

³ An industry breakdown according to the previously used Insolvency Trade Classifications (ITC) is available up to Q3 2006 at <http://www.insolvency.gov.uk/otherinformation/statistics/200702table5.htm>. The period from Q4 2006 to Q2 2007 is not available broken down by industry.

⁴ Totals for trading-related bankruptcies here are not entirely consistent with the figures under Table 2a. This is because the industrial breakdown has been compiled from a specially selected extract from the live database, whereas the headline figures are produced monthly using a different reporting system.

p Provisional

: Not applicable

¹ Registered at Companies House

² Includes Law of Property Act receiverships (see "Notes to Editors" Paragraph 9). Receivership figures between Q1 2007 and Q1 2008 were previously revised to remove duplication, and are not consistent with those for the earlier period; see "Notes to Editors" paragraph 10.

³ See paragraph 7 of the Press Release "Notes to Editors" for changes wef 15 September 2003 under the Enterprise Act 2002

⁴ The figure for Q4 2006 includes 844 separate, limited companies created and managed by "Safe Solutions Accountancy Limited" for which Grant Thornton was appointed administrator.

⁵ The figure for Q4 2008 includes 729 separate managed service companies for which BDO Stoy Hayward was appointed administrator. The administrations were approved in September 2008, but the statistics are counted based on the date registered at Companies House (which fell in October 2008, i.e. Q4).

¹ Since the revisions to corporate administration under the Enterprise Act, those administrations which resulted in a Creditors' Voluntary Liquidation (CVL) have been separately recorded by Companies House. These post-Administration new case CVLs are not included under the headline CVL figures at Table 1 as they do not represent a new company entering into an insolvency procedure for the first time. Similar information for Administrations converting to a Compulsory Liquidation or to a Company Voluntary Arrangement is not available; however numbers of these are relatively low in comparison.

¹ Source: Accountant in Bankruptcy (AiB). Latest News Release: <http://www.aib.gov.uk/About/annualtargets/quarterlyreports/q1stats201011>.

² On 1 April 2008, Part 1 of the Bankruptcy and Diligence etc. (Scotland) Act 2007 came into force making significant changes to some aspects of bankruptcy, debt relief and debt enforcement in Scotland. This included the introduction of the new route into bankruptcy for people with low income and low assets (LILA). Of the number or sequestrations, individuals who meet LILA criteria are shown in brackets (See "Notes to Editors" paragraph 15).

¹ Calculated from company liquidations in the latest twelve month period divided by the average number of companies in that period. As from Q2 2008, register figures supplied by Companies House are counted at the end of each calendar month; previously they were monthly averages.

² The total register includes companies being wound up or dormant.
