1 The headline regional GVA series for this publication have been calculated using a five-period moving average.

2 Estimates of workplace based GVA allocate income to the region in which commuters work.

3 Components may not sum to totals as a result of rounding.

4 Provisional.

5 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

1 Estimates of regional GVA in this table are on a residence basis, where the income of commuters is allocated to where they live rather than their place of work.

2 Components may not sum to totals as a result of rounding.

3 Provisional.

4 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

5 Including taxes (less subsidies) on production.

1 The headline GVA series for this publication have been calculated using a five-period moving average.

2 Estimates of workplace based GVA allocate income to the region in which commuters work.

3 Components may not sum to totals as a result of rounding.

4 Provisional.

5 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

1 The headline GVA series for this publication have been calculated using a five-period moving average.

2 Estimates of workplace based GVA allocate income to the region in which commuters work.

3 Provisional.

4 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

1 Estimates of workplace based GVA allocate to the region in which commuters work.

2 Components may not sum to totals as a result of rounding.

3 Provisional.

4 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

1 Estimates of workplace based GVA allocate income to the region in which commuters work.

2 Components may not sum to totals as a result of rounding.

3 Provisional

4 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

1 The headline regional GVA series for this publication have been calculated using a five-period moving average.

2 Estimates of regional GVA in this table are on a residence basis, where the income of commuters is allocated to where they live rather than their place of work.

3 Components may not sum to totals as a result of rounding.

4 Provisional.

5 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

1 The headline regional GVA series for this publication have been calculated using a five-period moving average.

2 Estimates of workplace based GVA allocate income to the region in which commuters work.

3 Components may not sum to totals as a result of rounding.

4 Provisional.

5 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

- 1 The headline GVA series for this publication have been calculated using a five-period moving average.
- 2 Estimates of workplace based GVA allocate income to the region in which commuters work.
- 3 Components may not sum to totals as a result of rounding.
- 4 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.

1 The headline GVA series for this publication have been calculated using a five-period moving average.

2 Estimates of workplace based GVA allocate income to the region in which commuters work.

3 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.
