

The Department of Health's Policy Research Programme has put out a call for research on nano-toxicology, specifically to address the research needs identified by the 'human health hazards and risk assessment' task force of the Nanotechnology Research Co-ordination Group.

The total funding available is £650K. For further details please see the National Institute for Health - Central Commissioning Facility website - <http://www.nihr-ccf.org.uk/>.

The deadlines for registration of interest and for application are **13 March** and **10 April 2008** respectively.
