---

### **Final Regulatory Impact Assessments**

A Regulatory Impact Assessment (RIA) is a tool which informs policy decisions. It is an assessment of the impact of policy options in terms of the costs, benefits and risks of a proposal. This section lists DfT RIAs.

## **Equality Impact Assessments (EqIAs)**

An equality impact assessment is an essential tool for promoting equality. Its purpose is to assess the impact of existing or proposed policies and activities and their effects on different groups of people.

---

## **Cross-Government consultation**

On 14 May 2008 the Government published the Draft Legislative Programme for 2008-09. A public consultation on the programme concluded on 6 August 2008.
