

Benefits to PURCHASERS

Embracing the code puts you on a more effective business pathway

The Code is a set of best practice guidelines with a proven track record which encourages the supply chain in our sector to work in a more streamlined and efficient fashion.

Sign the oil and gas industry's Supply Chain Code of Practice and demonstrate your commitment to work towards:

- applying Industry best practice
- aligning with corporate responsibility and good business principles and ethics
- improving performance, eliminating unnecessary costs and adding value across the UKCS oil and gas industry
- giving forward visibility to project work plans of contracting activity (e.g. 'Share Fair' business opportunity events and forward work plans)
- helping standardisation by use of industry standard ITT's and contract forms
- paying all valid invoices within 30 days
- increasing dialogue and two way feedback on performance
- eliminating repetitive pre-qualification
- driving performance improvement against your peers

.... ALL COMBINING TO MAKE THE UKCS A GLOBAL LEADER IN COLLABORATIVE, EFFICIENT SUPPLY CHAIN PRACTICE.
