Submissions **must** include at least (on paper and as a digital copy):

- > a site plan showing road layout and surrounding context (either as a jpeg file or 1:500 A2/A3 print)
- > elevational drawing(s)
- > floorplan drawings to illustrate layouts of a range of unit types
- > photographs of the built scheme to date including an indication of when the photographs were taken
- > a fully-completed copy of this form

Applications without these documents will not be taken forward.

Please list documents provided:

Please explain how the scheme performs against each criterion in the space provided.

ENVIRONMENT & COMMUNITY	Supporting material
<p>1. Does the development provide (or is it close to) community facilities, such as a school, parks, play areas, shops, pubs or cafés?</p> <p>Your response here</p>	
<p>2. Is there an accommodation mix that reflects the needs and aspirations of the local community?</p> <p>Your response here</p>	
<p>3. Is there a tenure mix that reflects the needs of the local community?</p> <p>Your response here</p>	
<p>4. Does the development have easy access to public transport?</p> <p>Your response here</p>	
<p>5. Does the development have any features that reduce its environmental impacts?</p> <p>Your response here</p>	

CHARACTER	Supporting material
<p>6. Is the design specific to the scheme?</p> <p>Your response here</p>	
<p>7. Does the scheme exploit existing buildings, landscape or topography?</p> <p>Your response here</p>	

8. Does the scheme feel like a place with a distinctive character? Your response here	
9. Do the buildings and layout make it easy to find your way around? Your response here	
10. Are streets defined by a well-structured building layout? Your response here	

STREETS, PARKING & PEDESTRIANISATION	Supporting material
11. Does the building layout take priority over the roads and car parking, so that the highways do not dominate? Your response here	
12. Is the car parking well integrated and situated so it supports the street scene? Your response here	
13. Are the streets pedestrian, cycle and vehicle friendly? Your response here	
14. Does the scheme integrate with existing roads, paths and surrounding development? Your response here	
15. Are public spaces and pedestrian routes overlooked and do they feel safe? Your response here	

DESIGN & CONSTRUCTION	Supporting material
<p>16. Is public space well designed and does it have suitable management arrangements in place?</p> <p>Your response here</p>	
<p>17. Do the buildings exhibit architectural quality?</p> <p>Your response here</p>	
<p>18. Do internal spaces and layout allow for adaptation, conversion or extension?</p> <p>Your response here</p>	
<p>19. Has the scheme made use of advances in construction or technology that enhances its performance, quality and attractiveness?</p> <p>Your response here</p>	
<p>20. Do buildings or spaces out perform statutory minima, such as building regulations?</p> <p>Your response here</p>
