Q you have seen the allegations made by the witness on behalf of Rosemary Nelson, the victim's sister, at the time for her. How do you respond?

A. I totally deny these allegations. The interview took place as recorded in the interview notes. Nothing derogatory was said about Rosemary Nelson by myself or any of my colleagues. I have known Mrs Nelson for several years now and I was always on good terms with her. I would not say those things about her and I would not tolerate any of my colleagues saying anything about her

I have read the interview notes and agree that they are a true record of the interview.
