Annex B4 to
CO/HoE Asbestos Management Plan

Company Name

Management Arrangements for Asbestos

Site: INSERT MOD Site NAME

3rd Party/Other Contractors Site Management Arrangements

1. Introduction. A separate Annex is to be developed by each Maintenance Management Organisation (MMO)/ Contractor who is working on the Establishment .

NB: Until the separate Annexes have been developed this Annex should be used to protect the Co/HoE.

2. This annex has been written to cover any contractor or organisation employed or engaged by the MoD, any of its Tenants, Leaseholders, or 3rd parties not directly under the control of the CO/HoE and includes but is not limited to:

- a. Aquatrine
- b. BT
- c. DII
- d. Housing Prime Contract
- e. Any 3rd party income generation organisation
- f. PFI/PPP
- g. Local building contractors supplying a service to others on the HoE site.
- h. DE Disposals

2. Requirements. Where any such contractor or organisation undertake work which could disturb ACM, they are required to operate under their own Asbestos Management arrangements in compliance with the Control of Asbestos Regulations 2006 and to fully co-operate with the MMO regulations.

3. Where any such organisation or contractor needs to disturb ACM but does not have a Management arrangement/system in place, they are to operate under the MMO organisation arrangements in compliance with the Control of Asbestos Regulations 2006
