9:00 meeting Fred Mitchell News
interested. An extraordinary encounter
PM is very charming. He tells me
News Int. papers will land on V.C.'s
desk in next 2 weeks. They see certain
there are no grounds for referral.
They retained the pitched promises
He wants things to run smoothly. They
have been supportive of coalition
But if it goes the wrong way he is worried
about the implications - It was tragic
V.C. refers care to Africa - they turn
Nasty. Then he talked about AV
- has Sun right to help the debate -
use of good graphics to get across
care

James M has met Neill - ~~was~~
~~to stop~~ him to be could be receptive
to case. Times will give it paid board
So refer care and implement
was clear. News Int has agreed
coalition and AV.
