Dear Mark

Many thanks for this information, which we will take forward.

The Commission has, of course, taken note of what you said to the Select Committee. If you are able to submit any further material evidence to the PCC in regard to the involvement of News International employees in phone-message tapping, the Commission would welcome receipt of it.

The PCC is, as you know, considering whether it was misled by the paper in 2007 about the extent of the practice, and whether there is any evidence of phone-message tapping since 2007.

The Commission would consider any evidence you wish to submit in regard to either area.

Very best

Stephen

Dear Stephen

I refer to our conversation. The Police Officer I spoke with was DS Mark Maberley (I am not 100% sure on the spelling).

It was him who gave the 6000 figure that I referred to. The Metropolitan Police have the material that was taken from the News of the World.

If I can assist in any way please do not hesitate to contact me.

Regards

Mark Lewis
