House of Lords

30th March 2011

Dear Mr. Nett.

Thank you for your letter which I have read. Please forgive this standard reply but I am receiving so many letters arising out of the many campaigns that I am involved in at present together with my Council of Europe responsibilities. Unfortunately as a Member of the Lords, we are not provided with full secretarial assistance and office facilities. Perhaps one day it may change, who knows.

However I did want you to have an acknowledgement of your letter and I am sorry it is no more than that. I hope you will understand.

With best wishes

Rt Hon Lord Prescott

I have passed your letter on to
the investigation office of Met Police
now investigating Mr. York and his activities
