Coming from abroad and social security benefits

A basic guide to special rules for benefits if you have just come to or returned to Great Britain
If you have just come to Great Britain, you may need to know about benefits you can get. You may be new to the country, or you may be returning after a period abroad.

The rules for some benefits are different if you have just come to Great Britain, even if you are a United Kingdom (UK) national.

If you are returning after a period abroad and already getting a UK social security benefit, contact:

International Pension Centre
Department for Work and Pensions
Tyneview Park
Newcastle-upon-Tyne
NE98 1BA

Phone 0191 213 5000
Fax 0191 218 3836

This leaflet adds to general information on benefits in other leaflets. It tells you how benefits are affected because you have just entered Great Britain, and what leaflet to get for the general rules for each benefit. We want to make sure you and your family get the right help, at the right time, in the right way.

You can get leaflets from your social security office or Jobcentre Plus office. See Where to get help and advice on page 12 of this leaflet for details. If you have a question which is not answered in the leaflet, or if you just want more advice, please contact your social security office or Jobcentre Plus office.

Child Tax Credit and Working Tax Credit

Child Tax Credit (CTC) and Working Tax Credit (WTC) were introduced in April 2003. CTC is for families with children and is payable regardless of whether the adult(s) in the family are in work. WTC supports working people on low and middle incomes with extra amounts for people with disabilities. Tax credits are administered by and claimed from the Inland Revenue.

To find out more, see the tax credits website at www.taxcredits.inlandrevenue.gov.uk/Home.aspx or contact the helpline on 0845 300 3900 (open 7 days a week 8am-8pm).
**Great Britain (GB)** means England, Scotland and Wales.

**United Kingdom (UK)** means GB and Northern Ireland.

The **European Economic Area (EEA)** is made up of all **European Union (EU)** countries: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Italy, Luxembourg, Netherlands, Portugal, the Republic of Ireland, Spain, Sweden and the UK, plus Iceland, Liechtenstein and Norway. Switzerland is not a member of the EEA, but as a result of an agreement with the EU that came into force on 1 June 2002, the EC rules on social security also apply to Switzerland. Gibraltar is treated as a separate state for social security purposes.
If you have just entered or returned to
Great Britain, benefits you can get will
depend on one or more of the following:
• National Insurance (NI) contributions
  you have paid over your working life
• NI contributions you have paid for a
  particular period of time (usually the last
  2 whole tax years before you claim)
• Whether you are living in Great Britain
  now
• Whether you usually live in Great Britain
• Why you have come to or returned to
  Great Britain
• Whether your entry to Great Britain is
  subject to limitations or conditions.

There are some benefits you can only get
if you have paid National Insurance (NI)
contributions, and there are some which
do not rely on NI contributions.

You will usually pay NI contributions in
the UK if you earn above a certain
amount. They help to pay for some social
security benefits.

If you have never lived in the UK before,
you will not normally have paid NI
contributions. This will usually mean that
you cannot get benefits which are based
on NI contributions.

But if you have paid the equivalent of NI
contributions in another country, this can
sometimes help you to qualify for benefits
in Great Britain. This only applies to some
benefits, and only to countries in the
European Economic Area (EEA),
Switzerland and countries that have a
special agreement with the UK.

There are special leaflets to tell you about
this. Please see the following list.
