Volume 16
Reference Material

Terms of Reference, Committee Members and Report Volumes vii
A note on the footnotes viii

1. BSE chronology 1

3. Statistics 30
   Introduction 30
   Definition of key terms 30
   Incidence by clinical onset 31
   Incidence by notification 38
   Incidence by herd, type of herd and breed 40
   Suspect and confirmed cases 52
   Confirmed cases: contemporaneous and revised 54
   Cases Born After the feed Ban (BABs) 56
   BSE cases by year of birth 60
   BSE statistics outside the UK 60
   Other spongiform encephalopathies 61
   Scrapie statistics 63
   Creutzfeldt-Jakob Disease 64

4. Uses made of the cattle carcass 66
   Rendering 70
   Gelatine 70
   Circularity in the use of the cattle carcass 71
   Figure 4.1: The cattle carcass: routes of use in the late 1980s 72

5. Illustrations 73
   Figure 5.1: Beef: position of cuts 73
   Figure 5.2: Diagrammatic sketch of the main anatomical parts of the digestive system of the cow 73
   Figure 5.3: Specified Bovine Offal as specified by the SBO Order 1995 74
   Figure 5.4: Position of the thymus gland 75
   Figure 5.5: Schema of the abdominal lymph nodes of the ox 76
   Figure 5.6: Bovine sagittal section through the brain, showing position of the obex section 77
Figure 5.7: Spinal cord: cross-section with nerve roots on left side and examples of tracts on right side

Figure 5.8: Section through the human skull and brain

Figure 5.9: Coronal section through the human brain

Figure 5.10: Sagittal section through the human brain

Figure 5.11: BSE: section from bovine brain showing extensive spongiform change

Figure 5.12: BSE: neuronal axon showing PrP\textsuperscript{Sc} accumulation on neurite membrane

Figure 5.13: Normal human brain structure: section of cerebral cortex showing large darkly stained neurones (centre) in surrounding grey matter (haematoxylin and eosin stain)

Figure 5.14: Sporadic CJD: section of cerebral cortex showing reduction in number of neurones and vacuolation in surrounding grey matter

Figure 5.15: Variant CJD: section of cerebral cortex showing large florid plaque (centre) surrounded by spongiform change (vacuolations)

Figure 5.16: Variant CJD: section of cerebral cortex stained to show aggregates of PrP\textsuperscript{Sc} within plaques and more finely distributed throughout the grey matter (PrP stains brown)

Figure 5.17: A slaughterhouse worker, late 1980s

6. Ministerial charts

Figure 6.1: MAFF Ministers

Figure 6.2: Health Ministers

Figure 6.3: Welsh Office Ministers

Figure 6.4: Scottish Office Ministers

Figure 6.5: Northern Ireland Office Ministers

7. The organisation of MAFF and DH, 1986–96

Introduction: the purpose of this commentary

Ministry of Agriculture, Fisheries and Food (MAFF)

The basic hierarchy

Responsibilities for BSE

How MAFF changed

Introduction

1986–90

Chart A1: MAFF Structure, 1986 to October 1989

Chart A2: Animal Health Group, 1986 to October 1990

Chart A3: Emergencies, Food Quality & Pest Control, 1986 to October 1989

Chart A4: ADAS, 1986-89

Chart A5: Chief Scientists’ Groups, including Food Science Group, January 1988 to October 1989

Chart A6: State Veterinary Service (SVS), 1986 to November 1990
CONTENTS

Chart A7: Meat Hygiene (Veterinary Section) 1986 to March 1996 99
Chart A8: Central Veterinary Laboratory, 1986 to April 1990
(became a MAFF Executive Agency in April 1990) 100
The establishment of the Food Safety Directorate, November 1989 101
The creation of the Animal Health and Veterinary Group, 1990 101
1989–94 102
Chart B1: MAFF, November 1989 to October 1994 104
Chart B2: Animal Health & Veterinary Group, November 1989 to
October 1994 105
Chart B3: Veterinary Field and Investigation Service, November 1989 to
October 1994 (merged with AHG in 1990) 106
Chart B4: Food Safety Group, November 1989 to October 1994 107
Chart B5: Food Science Group, November 1989 to October 1994 108
Chart B6: Central Veterinary Laboratory (1985–96), TSE Staff 109
The demerger of the Animal Health and Veterinary Group (AHVG) 110
November 1994 to March 1996 110
Chart C1: MAFF, November 1994 to March 1996 111
Chart C2: Animal Health Group, November 1994 to March 1996 112
Chart C3: Meat Hygiene Division, November 1989 to March 1996 113
Chart C4: State Veterinary Service, November 1994 to March 1996 114
