Volume 6
Human Health, 1989–96

Terms of Reference, Committee Members and Report Volumes xxvii
A note on the footnotes xxviii

1 Introduction 1

2 The slaughter and compensation scheme 5

Introduction 5
Introduction of the slaughter and compensation scheme 6
The operation of the slaughter and compensation scheme 10
Restriction notices for BSE suspects (Form A) 10
Slaughter notices (Form C) 11
The service of Form C: ‘not an issue to be treated lightly’ 12
Slaughter of cattle 14
The process of obtaining compensation 15
‘Market value’ 16
‘Average price’ 18
Advisory notes to farmers on the slaughter and compensation scheme 18
Practical difficulties with the scheme 18
Ex gratia payment scheme 19
MAFF reviews arrangements for ex gratia payments 21
Advice to farmers and instructions to the VFS on ex gratia payments 23
Ante-mortem inspection in domestic slaughterhouses 24
Ante-mortem inspection as a means of tightening compliance with the slaughter and compensation scheme 24
Pressure for ante-mortem inspection 25
Mr Meldrum recommends ante-mortem inspection in domestic slaughterhouses 27
Mr Meldrum persuades the new Minister that ante-mortem inspection is necessary 28
Changes to the ante-mortem inspection programme 31
Insuring against BSE 33
The increase in the level of compensation under the slaughter and compensation scheme 34
Initial reactions to the level of compensation 34
Continuing dissatisfaction with the level of compensation 35
MAFF faces further concerns about the level of compensation 37
The Welsh Office presses for a review of compensation levels 39
Discussions within Government 40
Announcement of the decision to ban SBO 140
Discussion of what was said about the reasons for the ban 141
The reasons for the introduction of the SBO ban 143
The attitude of DH 147
The meeting on 6 June 148
The meeting on 7 June 148
Presentation of the SBO ban internally and externally 149
The response of DH to MAFF’s proposal 154
The reaction of the Prime Minister 155
Sheep offal 156
Preparation of the SBO Regulations 156
Introduction 156
Division of responsibilities for developing the SBO Regulations between MAFF and DH and within MAFF 157
Choice of legislation 159
Contentious offal: introduction 161
6 June: Mr MacGregor meets senior MAFF officials 162
7 June: Mr MacGregor and senior officials meet Sir Richard Southwood 162
13 June: press announcement of the proposed SBO ban 162
15 June: Mr Fry circulates draft instructions to lawyers on the Regulations 162
19 June–21 July: Mr Bradley’s reports 163
27 June: first meeting between MAFF officials and representatives of relevant industries 163
7 July: submission of draft regulations and consultation letter to Mr MacGregor 163
19 July: submission of revised consultation letter to Mr Donald Thompson 163
21 July: DH agreement to the proposals in MAFF’s consultation letter 164
Ministerial changes in late July 164
26 July: MAFF issues the consultation letter on the proposed SBO ban 164
18 September: the ad hoc meeting of experts 164
27 September: meeting to discuss responses to the consultation letter 164
19 October: Mr Meldrum writes to Dr Jeremy Metters 165
20 October: the meeting with the Meat Industry Liaison Group (MILG) 165
30 October: DH recommends MAFF to proceed as it thinks fit with the proposals 165
2 November: circulation of the final draft regulations to MAFF Ministers 165
7 November: Ministers meet to discuss Mr Lawrence’s submission 166
8 November: signature of the Regulations 166

Tripe and rennet 166

The CMO raises the issue of whether tripe should be added to the list of types of banned offal 166
Mr Lawrence clarifies MAFF’s ‘line to take’ on tripe 167
Mr David Taylor’s advice on tripe 168
Mr Bradley’s investigations into the distribution of lymphoid tissue in the digestive system of cattle 168
27 June: first meeting between MAFF officials and representatives of relevant industries 171
Mr Meldrum’s contribution to the development of the ‘line to take’ 171

7 July: submission of draft regulations and consultation letter to Mr MacGregor 172
Mr Meldrum reviews the ‘line to take’ on tripe in the consultation document 173
Involvement of DH in preparation of the consultation document 174

19 July: submission of revised consultation letter to Mr Donald Thompson 175

26 July: MAFF issues consultation document on the proposed specified offal ban 175
Correspondence between Mr Meldrum and Dr Jeremy Metters on the reasoning behind the exemptions for tripe and rennet 175

18 September: the ad-hoc meeting of experts 177

27 September: meeting to discuss the responses to the consultation letter 177
Mr Bradley’s risk assessment on rennet 178
Dr Kimberlin’s paper on the scientific arguments for the proposed offal ban 179
Dr Pickles briefs the CMO for a meeting with Mr Gummer 180

19 October: Mr Meldrum writes to Dr Jeremy Metters on rennet, abomasum and casings 180
Mr Meldrum seeks comments from Sir Richard Southwood and Dr Tyrrell on how to proceed with rennet, abomasum and casings 181

30 October: DH recommends MAFF to proceed as they think fit with the proposals 181

2 November: circulation of the final draft regulations to MAFF Ministers 182

Mesenteric fat 182

Mesenteric fat issue raised during consultation 182
MAFF’s response 183
DH’s response 183
Rationale for excluding mesenteric fat from the SBO ban 183
Ministers decide to exclude mesenteric fat 184

Casings

MAFF’s formulation of the casing exception 185
DH’s response 186
15 June: Mr Fry circulates draft instructions to lawyers for the preparation of Regulations to implement the SBO ban 186
DH’s reaction to the draft consultation letter 186
18 September: the ad hoc meeting of experts 189
Consultation responses on the casings exemption 189
Mr Bradley’s report on bovine casings 190
19 October: Mr Meldrum writes to Dr Jeremy Metters 190
30 October: DH recommends MAFF to proceed as it thinks fit with the proposals 191
MAFF changes its view on the exemption of casings 192
Mr Meldrum explains the change in position 192
7 November: Ministers agree to include casings in the ban 193
Reaction to the inclusion of casings in the ban 193

The exemption for calves under 6 months 194

Introduction 194
Formulation of exemption for calves’ spines 194
Mr Fry questions whether calves should be excluded from ban 195
Mr Meldrum’s contribution to the development of the line to take 196
7 July: submission of draft regulations and consultation letter to Mr MacGregor 197
EU live cattle export ban 197
MAFF considers exempting calves from the SBO ban and DH’s concern about maternal transmission 198
Further EC pressure 199
18 September: the ad hoc meeting of experts 199
Consultation responses on the proposed exemption of calves under 6 months 200
Further consideration of the issue 201
19 October: Mr Meldrum writes to Dr Jeremy Metters 201
Dr Kimberlin’s change of heart on calves 202
Thymus issues 203
Sir Richard Southwood and Dr Tyrrell agree with Mr Meldrum 204
30 October: DH recommends MAFF to proceed as they think fit with the proposals 204
2 November: circulation of the final draft regulations to MAFF Ministers 205
7 November: MAFF Ministers meet to consider Mr Lawrence’s submission action 206
Dr Pickles’s submission to Health Ministers 206
The CMO does not agree on the exemption for calves 206

EC Commission Decision 90/261/EEC (beef-on-the-bone and nervous and lymphatic tissue) 337

Background 337

Advice from the EC Scientific Veterinary Committee on nervous and lymphatic tissue 338

MAFF’s considerations of how to implement the Decision 339

Initial guidelines issued 339

Further discussion takes place on implementing the decision 339

Further guidelines issued 340

Further steps on implementing the Decision 341

Discussion 342

Intensification of public concerns about the safety of beef during 1990 343

Introduction 343

Public and international reaction to the BSE developments, January – April 1990 344

Initial public concerns 344

BSE orally transmitted to mice 348

Education authorities take beef off school menus 351

May 1990: Spongiform Encephalopathy in a cat 353

The discovery 353

MAFF and DH response 353

MAFF meeting on the cat 356

The MAFF press release and Mr Meldrum’s press briefing 356

Media reaction to the news about the cat 357

Mr Wells 359

‘Leading food scientist calls for slaughter of 6 million cows’ 360

Meat and Livestock Commission (MLC) press release 363

Public pronouncements on the safety of beef by Government Ministers and officials 364

Events on 15 May, leading up to the press release by MAFF 364

DH circular to health authorities and local authorities 365

Proposal to discuss a draft leaflet for consumers 365

The MAFF press releases 367

Mr Gummer demonstrates his faith in beef 370

DH press release 370

The ‘safety of beef’ paper 372

Response from the CMOs and other public health officials in Wales, Scotland and Northern Ireland 373

Media reaction to MAFF and DH press releases and Mr Gummer’s statement that ‘beef is safe’ 374

Parliamentary statements and debates about BSE 375

Mr Gummer’s statement to the House of Commons 375

House of Commons debate on BSE 375
Further MLC publicity 377
  MLC press release 377
  MLC video 377
  MLC quote in *Today* newspaper 379
Reports of a second and third cat with SE spark off further media reaction 379
Continuing concerns 381
  Concern from consumer groups 381
  Concern from the Consumers’ Association 381
  The MAFF Consumer Panel 383
Evidence on the safety of beef received by the House of Commons Agriculture Committee Inquiry into BSE 383
  Mr Gummer’s evidence 384
  Evidence of scientists with alternative views to Government 385
  Evidence of the Government’s scientific advisers 386
  Sir Donald Acheson’s evidence 386
The Committee’s conclusions and recommendations 386
  Are humans at risk from BSE-affected cattle? 387
  Government response to BSE 388
The transmission of BSE to a pig 389
The ‘safety of beef paper’ and the dissemination of information on BSE by DH 395
Government response to the report of the Agriculture Committee 399
Discussion of increasing public concerns in 1990 400
  The significance of events in 1990 400
  The low-key approach 402
  Mr Meldrum’s statements on risk 402
  Mr Gummer’s press releases 403
  Cordelia 404
  Sir Donald Acheson 404
  Dr Metters’s concern 406
  Statements made by the MLC 407
  The sequel to the cat 409

**Annex 1 to Chapter 4: Unfit meat and human food** 413

  Protections against unfit meat entering the human food chain prior to 1982 413
    Licensing of slaughterhouses and knacker’s yards 413
    Admission of animals and carcasses to a slaughterhouse 413
    Determination in a slaughterhouse of fitness of meat for human consumption 415
    Sterilisation of unfit meat at the slaughterhouse 415
    Concerns of Environmental Health Officers in 1977 419
    ‘Operation Meathook’ 421
Meat (Sterilisation and Staining) Regulations 1982 (the 1982 MSSR) 422
Overview of changes 422
Detailed provisions 423
Categories of meat and offal 423
Sterilisation 424
Staining 424
Requirements and exemptions: permitted destinations 424
Requirements for sterilisation in slaughterhouses 425
Restrictions on removal from slaughterhouses 426
Requirements for sterilisation in knacker’s yards 427
Restrictions on removal from knacker’s yards 428
Requirements affecting removal of unfit meat from a place other than a slaughterhouse or knacker’s yard 428
Requirements as to freezing of meat 429
Requirements as to possession for sale, and sale, of meat 429
Requirements as to storage of meat 431
Exemption in cases of lack of equipment or exhaustion of supplies 431
Requirements on movement 432
Enforcement 437
CIEH criticisms of the system 441
Meat (Sterilisation and Staining) (Amendment) Regulations 1984 443
The Bovine Offal (Prohibition) Regulations 1989 445
The animal SBO ban 449
The Bovine Spongiform Encephalopathy Order 1991 451

5 Human health developments: 1 January 1991 to 31 March 1995 452

Introduction 452
Hygiene standards and enforcement arrangements in slaughterhouses between 1991 and March 1995 454
Introduction 454
Hygiene standards at slaughterhouses during 1991 to 31 March 1995 455
Evidence available early in the period 455
Evidence available from various inspection exercises undertaken during the period 455
Examples of what MAFF Ministers knew about meat hygiene standards during the period 459
Examples of what MAFF officials knew about meat hygiene standards during the period 460
Examples of what others knew about meat hygiene standards during the period 461
Certain unsatisfactory aspects of enforcement arrangements in slaughterhouses 462
  General difficulties with enforcement in slaughterhouses 462
  Relationship between local authority environmental health departments (EHDs) and their meat hygiene staff (AMIs and OVSs) 463
  Tensions arising from the EC requirement for veterinary supervision at slaughterhouses exporting to other Member States 465
  Relationship between slaughterhouse operators and OVSs and the SVS 466
  Relationship between the SVS and EHOs 468
  Shortage of veterinarians for meat hygiene inspection duties 469
Deregulatory pressures in Government and the effect on meat hygiene 471
Discussion 475
The background to the proposal for a national system of meat hygiene 477
  Introduction 477
  The European Single Market 477
    Derogation from Single Market requirements 478
  Government proposal to introduce the MHS 479
    The review of fresh meat hygiene enforcement 479
    Response to the Single Market and the proposal to establish the MHS 481
    Disagreement within the Government in 1993 on the creation of the MHS 483
    1994 and the run-up to the commencement of MHS operations on 1 April 1995 487
  The MHS and SBO Regulations 490
Discussion 491
Implementation of precautionary measures in relation to BSE 492
  Introduction 492
  Monitoring compliance with the SBO Regulations at slaughterhouses from 1 January 1991 to 31 March 1995 492
    Instructions issued by SVS Headquarters to SVS Field Staff on monitoring the SBO ban during 1991 to March 1995 493
    Monitoring compliance with the SBO ban during 1991 and 1992 493
    Monitoring compliance with the SBO ban during 1993 and 1994 495
    Monitoring compliance with the SBO ban in January–February 1995 496
    Overview on the monitoring of the SBO ban from January 1991 to 31 March 1995 496
Discussion 498
Concerns about MRM from 1 January 1991 to 31 March 1995 499
  Introduction 499
  Consumer concerns about MRM 500
  Government consideration of MRM 501
Amendments to the SBO Regulations

The Bovine Offal (Prohibition) (Amendment) Regulations 1992

The Bovine Offal (Prohibition) (Amendment) Regulations 1994 and infectivity in distal ileum of calves under the age of six months

Developments in knowledge and understanding about BSE from 1991 to 31 March 1995

Introduction

Transmission of BSE to primates

Increase in the host range for BSE

Developments in understanding about dose

Oral transmission of BSE to sheep

The attack rate experiment

Report on TSEs by SEAC in September 1994: Transmissible Spongiform Encephalopathies: A Summary of Present Knowledge and Research

Discussion

Government pronouncements, media concerns and public reaction

Introduction

Transmission of BSE to primates

Discussion: release of the marmoset results

SEs in other species

Television documentaries and other programmes on BSE during 1992

Public statements by Dr Calman following reports of CJD in farmers and teenagers

First farmer and Dr Calman’s statement of 11 March 1993

Discussion of Dr Calman’s statement of 11 March 1993

DH response to the second report of the CJDSU, and the second case of CJD in a farmer

Dr Calman’s statement on CJD in a teenager

Discussion: Dr Calman’s statement on the case of Vicky Rimmer

The joint MAFF/DH press release on calves

Press release on the third report of CJDSU

Discussion: the decision to extend the SBO ban to cover calves’ intestines

6 Events from 1 April to 31 December 1995:
human health returns to the agenda

Introduction

Overview of events, 1 April to 31 December 1995

The Meat Hygiene Service (MHS)

The transfer of staff from local authorities to the MHS

Surveys of standards at slaughterhouses commissioned by the MHS from April to December 1995
Report to MHS from Eville & Jones – Veterinary Meat Hygiene – on deficiencies in SBO controls at slaughterhouses 560
The MHS HAT survey to assess various aspects of slaughterhouse standards 561
Results of the HAT survey in relation to removal of SBO 562
Preparation of the HAT report 565
Discussion 567

Slaughterhouse surveillance 567
Hygiene standards during 1995 567
Instructions issued to the SVS about its new relationship with the MHS 568
Inadequate staining of SBO during April/May 1995 570
Concerns raised about the adequacy of spinal cord removal 570
  MHD seeks legal advice on health marking of carcasses in relation to SBO removal 572
  Dr Kimberlin proposes a weight audit to monitor SBO removal at slaughterhouses 573

Report from the first round of SVS surveillance visits to slaughterhouses and head-boning plants between 31 May and 23 June 1995 574
MAFF Ministers learn the results of the May/June surveillance of slaughterhouses 575
Discussion of the first round of special surveillance 578
MAFF and the MHS meet to discuss surveillance results on SBO controls 578
Preliminary results from the second round of SVS surveillance visits to slaughterhouses and head-boning plants during July 1995 579
MAFF Ministers learn the preliminary results from the second round of SVS surveillance visits to slaughterhouses 580
MAFF notifies DH of the preliminary results from the second round of SVS surveillance visits to slaughterhouses 581
MAFF’s consideration of further results from the second round of SVS surveillance visits 582
Circulation within MAFF and MHS of the final results from the second round of SVS surveillance visits 584
SEAC discusses the results from the SVS surveillance reports 584
Report from the third round of SVS surveillance visits to slaughterhouses and other premises dealing with SBO during August/September 1995 585
Mr Meldrum writes to Dr Calman about the observed failures to remove spinal cord from bovine carcasses 587
Dr Calman expresses his concerns about BSE to Mr Packer 589
Discussion: the meeting of 25 October 1995 590
MAFF and the MHS take steps to tighten enforcement of controls on SBO in slaughterhouses 591
Consideration of the prosecution of slaughterhouse owners for failing to remove spinal cord
Mr Hogg meets representatives of slaughterhouses to discuss the handling of SBO
Discussion of the response to the third round of special surveillance
MAFF consults with DH on a paper on BSE and CJD for the Cabinet Committee concerned with the presentation of Government policy
Discussion of Dr Calman’s proposed amendment to the Cabinet paper
Dr Calman meets MAFF Ministers to express his concerns about BSE
Mr Hogg announces the results of the September and October SVS surveillance visits to slaughterhouses and other premises
SEAC considers the results of the surveillance visits

MRM

Gelatine
The paper for SEAC on MRM
SEAC’s consideration of the paper on 21 June 1995
Impact of SVS surveillance results on views about the safety of MRM
MAFF and DH agree that the MRM issue needs to be revisited
Discussion of MRM at SEAC’s meeting on 23 November
MAFF’s response to SEAC’s recommendation on MRM
Discussion

Developing knowledge on BSE and CJD

CJD developments: farmers and young people
Born after the ban cases of BSE (BABs)

Pronouncements and publicity in relation to BSE from various quarters

MLC position statement, July 1995
MLC response to breaches of SBO controls
MLC statement on MRM
Dr Calman’s statement on the safety of beef, 5 October 1995
Professor Collinge meets Dr Calman, 31 October 1995
Press coverage in October and November
The ‘World in Action’ documentary on 13 November 1995 and MAFF’s reaction
Public statement by Professor Sir Bernard Tomlinson and media response
Statement by Mr Dorrell, 3 December 1995
The MLC’s advertising campaign
Ministerial reaction to media coverage about BSE
Mr Hogg briefs the Cabinet
MAFF Ministers meet to consider next steps

Beef in schools
Article in the Independent by Dr Robert Will
Professor Pattison and Dr Will send a letter on behalf of SEAC to *The Times* and then to Ministers 634

Explanation of the background to the letter from Professor Pattison and Dr Will to Ministers 636

Concern from the British Retail Consortium (BRC) 637

The MLC takes further action after the press conference 639

Statistics and presentation 641

CJD suspected in an abattoir worker 642

Discussion 642

CMO’s press release of 5 October 1995 642

Mr Dorrell’s statement of 3 December 1995 644

The role of the MLC 644

The advertising campaign in November and December 1995 647

Annex 1 to Chapter 6: Spinal cord in bovine carcasses 651

7 Human health developments from January 1996 to 20 March 1996 653

Introduction 653

Minister’s questions 654

SEAC meeting: 5 January 1996 656

SEAC meeting: 1 February 1996 657

Discussion 660

Mr Hogg’s questions for SEAC 661

The use that was made of SEAC 662

Was the assistance sought from Dr Kimberlin appropriate? 662

Should Dr Kimberlin have disclosed the request to SEAC? 664

The MLC briefing paper 666

MAFF publicity 668

Discussion 671

The SEAC meeting of 5 January 1996 672

5 January update on CJD surveillance 672

Communication to MAFF and DH of concerns expressed at SEAC meeting on 5 January 1996 675

Who received the minutes of SEAC meetings? 675

Mr Eddy’s minute 677

Discussion 677

Was Mr Eddy’s minute adequate? 677

Dr Wight’s minute 678

Was Dr Wight’s minute adequate? 678

Two further cases in people under 30 years of age confirmed 679

The response to the reports of the January meeting 681
Discussion

Reaction to Mr Eddy’s minute of 8 January
Reaction to Dr Wight’s minute of 9 January

Reactions outside government

SEAC meeting: 1 February 1996

Communication of concerns expressed at SEAC meeting on 1 February 1996

Discussion

Was Mr Eddy’s minute adequate?
Dr Wight’s minute
Was Dr Wight’s minute adequate?

The response to the reports of the February meeting

Discussion

Reaction to Mr Eddy’s minute of 6 February
Reaction to Dr Wight’s minute of 6 February

The gathering clouds

Further CJD victims reported

Judicial Review of the SBO (Amendment) Order 1995

Discussion

The lull before the storm

Rumbles of thunder

SEAC meeting: Friday 8 March 1996

Monday 11 March 1996: SEAC meeting and visit to a slaughterhouse

MAFF updated on SEAC progress

DH: a proposal for the ‘next steps’

Wednesday 13 March 1996: meeting with Professor Pattison

Mr Hogg is informed of developments

DH meeting: 14 March 1996

15 March 1996: costings for two scenarios

The storm breaks

Emergency SEAC meeting: Saturday 16 March 1996

SEAC statement

Sunday 17 March 1996: MAFF and DH meeting with Professor Pattison

Monday 18 March 1996: ‘a busy day’

9.30 am
1.00 pm

Prime Minister formally notified of developments

First letter to the Prime Minister

Second letter to the Prime Minister

Tuesday 19 March 1996

19 March 1996: meeting with the Prime Minister
SEAC meeting: 19 March 1996 734
Other meetings on 19 March 736
SEAC meeting: Wednesday 20 March 1996 736
20 March 1996: Cabinet meeting 738
20 March 1996: statements to the House of Commons 740
The aftermath 742
Discussion 744
  Contingency planning at MAFF 744
  Uncertainty 747
  Waiting for SEAC 748
  Mr Hogg’s policy 750
  The approach of DH to contingency planning 754
Conclusion 759
  Defects in the policy-making process 764
  Would contingency planning have made any difference? 766
  Should additional tissues be banned? 767
  Additional measures to ensure proper removal of SBO? 768
  The issue of public confidence 769
  The position of children 772

8 Development of guidance on occupational risks from BSE and other TSEs 773

Introduction 773
  Officials from HSE, DH and MAFF featured in this chapter 774
  Health and Safety Executive (HSE) 774
    Mr Peter Lister 774
    Dr David Gompertz 774
    Mr Alastair McLean 774
    Mr Stuart North 775
    Dr Vanessa Mayatt 775
  Department of Health (DH) 775
    Dr Hilary Pickles 775
    Ms Ailsa McGinty 775
  Ministry of Agriculture, Fisheries and Food (MAFF) 775
    Mr Alan Lawrence 775
    Mr John Maslin 776
    Mr Dennis Sweasey 776
    Dr Danny Matthews 776
    Mr Andrew Fleetwood 776
Early 1980s 776
  Guidance on TSEs before the emergence of BSE 776
  The categorisation of pathogens 777
1988

Development of guidance on occupational risks after the emergence of BSE

Concern for handlers and HSE guidance

Dr Pickles alerts HSE to the Southwood Working Party’s concerns

CVL lead on guidance for veterinary laboratory workers

HSE’s initial consideration of the Southwood Working Party’s concerns

Further involvement of Dr Pickles and the Southwood Working Party

Sir Richard Southwood raises health and safety aspects of calving and lambing

1989

The Southwood Report

Occupations identified for HSE’s consideration

HSE’s, MAFF’s and DH’s initial response to the Southwood Report

HSE, MAFF and DH consider the need for further guidance

HSE meeting on BSE: slaughterhouses identified as a potential problem

HSE advised by Dr Tyrrell

MAFF ask for interim advice

The HSE BSE Working Group and the CDTFZ meetings

First meeting of HSE BSE Working Group: division of responsibilities between MAFF, DH and HSE

First meeting of the CDTFZ: BSE not on the list

Slaughterhouse visit indicates problems with guidance for workers

HSE issues a news release for groups ‘occupationally exposed’ to BSE cattle

Second meeting of HSE BSE Working Group: draft guidance for slaughterhouse workers discussed

Second meeting of CDTFZ

Third Meeting of HSE BSE Working Group: consultation with representatives from the meat industry and trade unions and advice to slaughterers

1990

Guidance for veterinary surgeons, slaughterhouse workers and farmers

MAFF takes the lead on guidance for veterinary surgeons

HSE guidance for slaughterhouse workers and the issuing of ‘BSE cards’

CDTFZ and discussions on BSE

HSE BSE Working Group merges with CDTFZ: guidance for renderers considered

Farming industry on the agenda: MAFF takes the lead
Discovery of cats with TSEs and implications for occupational health 800
Development of guidance for those working in zoos and zoological gardens with ungulates 801
Meetings of the combined CDTFZ & BSE 802
1991
Mr North requests information on slaughterhouses 803
1992
HSE issues guidance for the knackering (including hunt kennels and maggot farms) and rendering industries 805
1993
The CDTFZ & BSE meetings put on hold 806
1994
The CDTFZ & BSE meetings cease 807
1995
CDTFZ & BSE meetings reinstated 808
1996
Update on guidance 811
Guidance for neuropathologists and mortuary workers: 1991–95 811
Guidance produced by ACDP 812
Structure and function of ACDP 812
ACDP’s precautionary note on the BSE agent: 1990 813
Establishment of the ACDP Working Group on SEs 814
Guidance produced by ACDP Working Group 816
Dr Pickles produces a background working paper: the Reference Document 816
The Reference Document and the Guidance Document 817
Fast-track letter to neurosurgery staff 818
Decision to put the Reference Document aside and develop the Guidance Document 819
The Guidance Document ‘Precautions for work with human and animal Transmissible Spongiform Encephalopathies’ 819
ACDP Working Group deliberations 819
Content of 1994 ACDP guidance: ‘Precautions for work with human and animal Transmissible Spongiform Encephalopathies’ 820
Further developments 821
EC Directive on the classification of biological agents 822
Discussion 824
The factors in play 825
(1) The system for preparing occupational guidance 825
(2) Ambivalence about who was in the lead in issuing guidance 825
(3) Limited HSE knowledge on slaughterhouses 825
(4) Risk assessment and the Southwood Report 826
(5) Parallel review exercises
Was the response adequate? 827
Lessons for the future 831
Annex 1 to Chapter 8: Organisation of HSE 832
Application of the 1974 Act in Scotland and Northern Ireland 832
HSC and HSE 832
Annex 1: Figure 1 – Organisation of HSE 834
Annex 2 to Chapter 8: Membership and, where available, terms of reference of relevant HSE Committees and Working Groups 835
HSE BSE Working Group (June 1989–May 1990) 835
Terms of Reference 835
Cross-Divisional Task Force on Zoonoses (June 1989–May 1990) 835
Advisory Committee on Dangerous Pathogens (ACDP) (1981–present) 836
Terms of Reference 836
Members in 1989 836
Advisory Committee on Dangerous Pathogens Working Group on SEs (ACDP Working Group) (February 1991–March 1993) 837
Terms of Reference 837
Members 838
Appendix to Annex 2: Key players and membership of committees and working groups 839
Annex 3 to Chapter 8: Alphabetical list of occupations at risk and guidance produced 840
Annex 4 to Chapter 8: Health and safety guidance production and sources 846

9 Bovine eyeball dissection 848

Introduction 848
Overview of Education Departments: remit and players 849
Relations between the different groups of players in the Department 850
Key players in the bovine eyeballs story 850
Mr M B Baker 850
Mr Ron Jacobs 851
Ms Elizabeth Casbon 851
Dr Diana Ernaelsteen 851
Consideration of the risks associated with bovine eyeball dissection: a chronology 852
June 1988 852
Early consideration within the DES 852
1989
Early consideration within MAFF 853
February 1990
Guidance issued in Scotland 856
Dr Pickles raises the issue of bovine eyeballs with MAFF and DES 858
April–August 1990
Advice from SEAC 859
DES guidance 862
Draft submission to Minister of State and consultation process 863
August 1990: first draft 863
September and October 1990
January and February 1991: consultation with DH and MAFF: second draft 866
April and May 1991: third draft 868
November 1991: a reminder from DH 869
February – May 1992: final third draft 869
Consultation letters from Ms Casbon 870
Responses to Ms Casbon’s letter
Welsh Office 871
MAFF 872
HSE 872
DH 872
Mr Creedy (HMI) and Dr Ernaelsteen: doubts arise 873
June 1992
A change of heart 875
September–December 1992
Pressure from DH 877
Draft submission to Ministers 878
Guidance issued 881
Guidance in Wales 882
Distribution of the guidance 882
Implementation 883
1995
An end to bovine eyeball dissection in schools 884
HSE guidance on handling bovine eyeballs 884
Discussion
Early consideration of bovine eyeball dissection 885
Delay within DES 886
Dr Ernaelsteen’s involvement 890
General comments
The perception gap about risk 893
Handling the unusual 893
Absence of a frame of reference 894
Putting the best face on omissions 894

### 10 Pollution control and waste management 896
