Masterclasses

As part of our launch of The Productive Leader across the NHS in England, the NHS Institute is hosting a series of regional masterclasses to help organisations find out more about how The Productive Leader can revolutionise the way you and your leadership team work. Events have already taken place in Birmingham, Manchester and London. Please see details below for further events.

Who can attend?

The target audience for the masterclasses includes chief executives, their executive team and their support team (EAs/PAs). We would encourage as many executive directors and their PAs to attend as possible so you can learn about the programme and how it will benefit you as a team.

Current Masterclass dates and venues are:

- 30 March, NHS Institute for Innovation and Improvement, University of Warwick Campus, Coventry
- 28 April, NHS Institute for Innovation and Improvement, University of Warwick Campus, Coventry
