REQUIREMENTS FOR FUNDING TRAIN TO GAIN

LEVEL 3 WOMEN ONLY TRIALS

VERSION 2.1
2007/08
Requirements for Funding Level 3 Women Only Trials 2007/08

Introduction

1 This document should be read in conjunction with the Requirements for Funding Train to Gain 2007/8 document (version 3) and constitutes an integral part of the LSC’s funding agreement. The Requirements for Funding Train to Gain applies to the funding of the Level 3 Women Only Trial except where specific differences apply as outlined within this document.

2 This document sets out the LSC’s approach to funding the Level 3 Women Only Train to Gain Trial in the 2007/8 academic year (August to July). The Trial will operate over a two year period. Separate Funding Guidance will be produced for the Level 3 Train to Gain Trials (i.e. not Women Only).

3 For further information, please contact the appropriate local Learning and Skills Council office. Contact details for each office can be found on the LSC’s website: www.lsc.gov.uk or visit www.traintogain.gov.uk for details of the service.

Background

4 Within one English region the Train to Gain offer will be complimented by Level 3 Women Only Trials that will offer an additional product to the brokers’ portfolio.

5 The Level 3 Women Only Train to Gain Trials is a response to the Women and Work Commission Report. It will provide opportunities for low skilled women to train towards work related Level 3 qualifications and thus improve social and economic mobility and contribute more to local and national productivity.

6 In order to evaluate the success of the service the following questions will be addressed:
a. Employer

i. Was the supply of training delivered flexibly and responsively according to employer’s needs, choice and satisfaction that enabled increased productivity and business competitiveness?

ii. Have employers who have not previously trained women to Level 3 engaged in this level of training via the pilots?

b. Employee

i. Did employees receive a training experience and / or qualification that were of high quality, relevant and accessible?

c. Provider

i. Did providers develop their capacity, standards and quality to meet employer needs?

7 The evaluation process will consider Level 3 provision delivered outside of these Trials for comparative purposes.

Timetable for Implementation

8 The Level 3 Women Only Train to Gain Trials was introduced in London from October 2006.

Funding Rates

9 There are new arrangements for Level 3 Women Only Train to Gain Trial learners that started from 1 October 2006, which will be for the participating region (London). Different arrangements will be in place for the other Level 3 Trials.
10 Level 3 Women Only Train to Gain Trial funding is available for female learners who are:
   a. Women currently under represented overall within their occupational sector;
   b. Women under represented at supervisor or management (Level 3 or above) within their occupational sector;
   c. Women returning to the labour market after a six month continuous period.

11 Traditionally women have been under represented in the following sectors and these are considered a priority for the pilot:
   a. Business and Finance;
   b. Engineering and Manufacturing;
   c. Construction;
   d. Transport and Logistics;
   e. ICT.

12 Women in sectors under represented at supervisory and management level (Level 3 and above) are as follows:
   a. Wholesale, retail and trade;
   b. Real Estate, Renting and Business Administration;
   c. Health and Social Care;
   d. Education;
   e. Public Administration;
   f. Leisure, Travel and Tourism.

13 The Trial will only fund learning provision at Level 3 that is delivered flexibly to meet the needs of an employer in an assess-train-assess style of delivery.

14 Level 3 Women Only Train to Gain Trial funding is not available for any Level 3 vocational qualifications that are not classified as full or that are not delivered as a single learning aim. For example A Levels will not be funded as this will not deliver a full Level 3 within a single learning aim, two A levels will be required to fulfil this requirement.
15 Funding Rates for the Level 3 Women Only Train to Gain Trials are set out in the table at Annex A. They are linked to the sector subject areas and a full list of them is included in the Learner Aim Database that is available on the LSC’s website at www.lsc.gov.uk.

16 These rates will apply for learners starting between 1 August 2007 and 31 July 2008. These rates include payments for information, advice and guidance, and training needs analysis that will no longer be funded separately. These rates are expected to cover all costs including qualification registration and examination fees.

17 Within the Requirements for Funding Train to Gain document, paragraphs 4 – 5 higher and lower funding rates are discussed. The Level 3 Women Only Train to Gain Trials do not currently have higher and lower funding rates. However, during the course of the financial year an assessment of the suitability of the rates will be made and variances to the rates, including the introduction of a two-rate system (higher and lower) may be applicable.

18 As conditions of funding providers, learners and employers may be required to participate in a review of the Trial if required.

Claiming Funding

19 Learners will be funded from the discrete Level 3 Women Only Train to Gain Trial budget and new arrangements will apply. Funding will be paid based on actual learner activity. Providers are required to claim funding accurately and maintain auditable evidence.

20 The LSC will fund the provider based on an assumption that employers will contribute up to £692, 37.5% of the Base Funding rate. Any contributions made by the employer are levied at the discretion of the provider.

21 Funding claims data can be recorded within the workbooks for eligible providers. In the academic years 2006/7 and 2007/8 payments for both starts and achievements can be claimed. However, in the academic years 2008/9 and 2009/10 only achievements can be claimed.
22 Data for Level 3 Women Only Train to Gain Trial funded learners for 2007/08 will also be collected via existing ILR returns. The ILR has been changed to allow Level 3 Trial funded learners to be identified and to collect the data required to support Train to Gain, including the Employers unique reference number supplied by the Skills Broker. Providers are required to utilise the Level 3 Trial Flag on the ILR as a condition of funding.

23 For the Level 3 Women Only Train to Gain providers are requested to record “Not Known” within the “Prior Attainment” field of the ILR returns.

**Contribution to wage costs**

24 Employers participating in the Level 3 Women Only Train to Gain Trials will not be eligible for wage compensation. Therefore paragraphs 25 to 27 of the Requirements for Funding Train to Gain do not apply.

**Eligibility**

**Learners Eligible for Service Funding**

25 Providers are required to carry out checks of learner eligibility in all cases. Learner’s eligibility will be determined using a process of self-assessment and a declaration by the learner.

26 To access Level 3 Women Only Train to Gain Trial funding the individual must be an employee i.e. possesses a contract of employment with an employer.

27 Learners are only eligible to receive funding via the Level 3 Women Only Train to Gain Trial if they are women currently under-represented within the workforce or described as returners to the labour market, as defined by the legislation (see paragraphs 10 to 12 above).

28 All other Learner Eligibility for Level 3 Women Only Train to Gain Trials is outlined within paragraphs 40 to 57 of the Requirements
Employers eligible to access the Train to Gain service

29 Participation in the Level 3 Women Only Train to Gain Trials is open to all employers.

30 All other Employer Eligibility for Level 3 Women Only Train to Gain Trials is outlined within paragraphs 61 to 66 of the Requirements for Funding Train to Gain document. However, an entitlement to Level 3 does not exist for adults and so volunteers and sole traders will not be able to access a Level 3 entitlement in the same way as they would for Level 2.

London Region - Area Costs

London area costs for Level 3 Women Only Train to Gain provision in 2007/08 will be applied using the same principles as Train to Gain Level 2. Please refer to Annex A of the Train to Gain Requirements of Funding for more details.

Annex B

Definition of Full Level 3

The list below provides details of full Level 3 qualifications. However, the list of qualifications identified below will not all be eligible for funding via the Level 3 Train to Gain Trials as they are not all single learning aims.

The full level 3 definition has 3 parts:

- Aims selected on the type of learning aim. This includes NVQs, GNVQs and VCEs.
- Access to Higher Education qualifications recognised by the Quality Assurance Agency for Higher Education (QAA)
- Other qualifications (VRQs) that are likely to be counted as full level 3 in the Government's Labour Force Survey.

In addition qualifications must be approved on the DfES Section 96 or 97 lists or be a component of an approved qualification [LSC funding status code= 01,02,03 or 06]. Access to HE qualifications must be marked as recognised by QAA [LSC funding status code= 04]

The table below shows the criteria used to select learning aims and the percentage value assigned.
