Occupation codes of practice for Tier 2

This section has the codes of practice for skilled occupations under Tier 2 of the points-based system. The information on related job titles and examples of job tasks is taken from Standard Occupational Classification (SOC) 2000 and may not be fully up-to-date.

Section M: Professional, scientific and technical activities

This page gives the SOC codes for the professional, scientific and technical activities sector.

Choose the SOC code that is most relevant to the job you are looking to fill, and then you will be taken to a page giving you more information on the skill level, appropriate salary rate and how to meet the resident labour market test.

Appropriate salary rates are based on a 37½ hour working week, unless otherwise stated. Salaries should be pro-rated for other working patterns.

From 31 March 2009 all jobs in this sector must be advertised in Jobcentre Plus (or JobCentre Online for jobs in Northern Ireland) and at least one other listed method to pass the resident labour market test. This does not apply to named researchers (see the codes of practice for scientific researchers, social science researchers and researchers not elsewhere classified for more information).

1. Skilled jobs
All jobs in these occupations are at NVQ or SVQ level 3 or above. Sponsors can issue certificates of sponsorship for any jobs in these occupations:

</table>
| 2129 | **Engineering professionals not elsewhere classified** | Agricultural engineer  
Ceramics engineer  
Food technologist  
Fuel engineer  
Materials scientist  
Metallurgist  
Patent agent  
Project engineer  
Traffic engineer | • researches into problem areas to advance basic knowledge, evaluate new theories and techniques and to solve specific problems  
• establishes principles and techniques to improve the quality, durability and performance of materials such as textiles, glass, rubber, plastics, ceramics, metals and alloys  
• designs new systems and equipment with regard to cost, market requirements and feasibility of manufacture  
• devises and implements control systems to monitor operational efficiency and performance of system and materials  
• prepare sketches, drawings and specifications showing materials to be used, construction and finishing methods and other details  
• examines and advises on patent applications  
• provides technical consultancy services |
| 2321 | **Scientific researchers** | Research associate (medical)  
Research scientist  
Scientific officer  
Scientist | • plans, directs and undertakes research into natural phenomena  
• provides technical advisory and consulting services  
• designs tests and experiments to address research objective and find solutions  
• applies models and techniques to medical, industrial, agricultural, military and similar applications  
• analyses results and writes up results of tests and experiments undertaken  
• presents results of scientific research to sponsors, addresses conferences and publishes articles outlining the methodology and results of research undertaken |
| 2322 | **Social science researchers** | Anthropologist  
Archaeologist  
Geographer  
Historian  
Philologist  
Sociologist | • traces the evolution of word and language forms, compares grammatical structures and analyses the relationships between ancient parent and modern languages  
• compiles and analyses economic, demographic, legal, political, social and other data to address research objective  
• administers questionnaires, carries out interviews, organises focus groups and implements other social research tools  
• undertakes analysis of data, presents results of research to sponsors, the media and other interested organisations, addresses conferences and publishes articles outlining the methodology and results of research undertaken |
| 2329 | **Researchers not elsewhere classified** | Research assistant (university)  
Research associate (university)  
Researcher (broadcasting) | • design and develop an appropriate research methodology in order to address the research objective  
• compiles and analyses quantitative and qualitative data  
• prepare reports and present results to summarise main findings and conclusions |

| 2452 | Archivists and curators            | - Examines, appraises and advises on acquisition of exhibits, government papers and other material  
- Classifies material and arranges for its safe keeping and preservation  
- Maintains indexes, bibliographies and descriptive details of archive material and arranges for reproductions of items where necessary  
- Liaises with school and other groups or individuals, publicises exhibits and arranges special displays for general, specialised or educational interest  
- Allows access to original material or material not on display for researchers  
- Answers verbal or written enquiries and gives advice on exhibits or other material |
| 3111 | Laboratory technicians             | - Sets up and assists with the construction and the development of scientific apparatus for experimental, demonstration or other purposes  
- Prepares and analyses body fluids, secretions and/or tissue to detect infections or to examine the effects of different drugs  
- Grows cultures of bacteria and viruses, prepares tissue sections and other organic and inorganic material for examination and stains and fixes slides for microscope work  
- Operates and services specialised scientific equipment, undertakes prescribed measurements and analyses and ensures that sterile conditions necessary for some equipment are maintained  
- Records and collates data obtained from experimental work and documents all work carried out |
| 3112 | Electrical / electronics technicians | - Plans and prepares work and test schedules based on specifications and drawings  
- Sets up equipment, undertakes tests, takes readings, performs calculations and records and interprets data  
- Plans installation methods, checks completed installation for safety and controls or undertakes the initial running of the new electrical or electronic equipment or system  
- Diagnoses and detects faults and implements procedures to maintain efficient operation of systems and equipment  
- Visits and advises clients on the use and maintenance of equipment |

Contracts engineer  
Engineering technician  
Engineer's assistant  
Technician engineer  
* plans and prepares work and test schedules based on specifications and drawings  
* sets up equipment, undertakes tests, takes readings, performs calculations and records and interprets data  
* prepares estimates of materials, equipment and labour required for engineering projects  
* diagnoses and detects faults and implements procedures to maintain efficient operation of systems and equipment  
* visits and advises clients on the use and servicing of mechanical and chemical engineering products and services |
| 3119 | Science and engineering technicians not elsewhere classified | Materials technician  
Technical assistant  
Technical officer  
Technician  
* sets up apparatus for experimental, demonstration or other purposes  
* undertakes tests and takes measurements and readings  
* performs calculations and records and interprets data  
* otherwise assists technologists as directed |
| 3122 | Draughtspersons                                  | Cartographer  
Designer-detailler  
Designer-draughtsman  
Draughtsman/woman  
Draughtsman-engineer  
Engineering draughtsman  
* examines design specification to determine general requirements  
* considers the suitability of different materials with regard to the dimensions and weight and calculates the likely fatigue, stresses, tolerances, bonds and threads  
* prepares design drawings, plans or sketches and checks feasibility of construction and compliance with safety regulations  
* prepares detailed drawings, plans, charts or maps that include natural features, desired surface finish, elevations, electrical circuitry and other details as required  
* arranges for completed drawings to be reproduced for use as working drawings |
| 3520 | Legal associate professionals                   | Barrister's clerk  
Conveyancer  
Data protection officer  
Legal assistant  
Legal executive  
* runs chambers on behalf of principals, develops the practice, manages the flow of work, decides which cases to accept, arranges appropriate fees and prepares financial records  
* collates information, drafts briefs and other documents  
* interviews and advises clients, undertakes preparatory work for court cases  
* attends court to assist barristers and solicitors in the presentation of a case  
* assists in all aspects of property conveyancing and probate and common law practice |
| 3539 | Business and related                            | Conference co-ordinator  
* studies particular department or problem area and assesses its interrelationships |

| **Exhibition officer**  
Management information officer  
Work study engineer  
Work study officer  
with other activities  
- studies work methods and procedures by measuring work involved and computing standard times for specified activities, and produces report detailing suggestions for increasing efficiency and lowering costs  
- analyses project components, organises them into a logical sequence and establishes the minimum time required for the project  
- purchases services, receives payment from clients, processes contracts and deals with contractual arrangements  
- canvasses political opinion, writes and distributes leaflets, writes and distributes press releases and other such material to promote the image and policies of a political party or election candidate, arranges fund raising activities, and organises and participates in election campaigns  
- discusses requirements for conferences, exhibitions, functions or similar events, advises on the facilities available, makes booking arrangements and undertakes and makes any further preparations required |
| **5249 Electrical / electronics engineers not elsewhere classified**  
Alarm engineer  
Customer engineer (office machinery)  
Electronic engineer (maintenance)  
Office machinery mechanic  
Service engineer  
Signal technician (railways)  
- examines drawings, wiring diagrams and specifications to determine appropriate methods and sequence of operations  
- places prepared parts and sub-assemblies in position, checks their alignment and secures with hand tools to install x-ray and medical equipment, aircraft instruments and other electronic equipment not elsewhere classified  
- connects wire or cable to specified terminals or connectors by crimping, brazing, bolting or soldering  
- examines for defect and repairs, x-ray equipment, aircraft and ground control electronic equipment, teleprinters, accounting machines, dictating machines, electronic test equipment, railway electrical signalling equipment, sound and television transmission equipment, radar equipment, microwave ovens, metal detectors, medical equipment, office equipment such as printers, photocopiers and fax machines, and other electronic and related equipment not elsewhere classified  
- tests for correct functioning and makes any further necessary adjustments  
- performs routine servicing tasks, such as cleaning and insulation testing |
| **5421 Originators, compositors and print preparers**  
Compositor  
Lithographic planner  
Lithographic plate maker  
Paste-up artist  
- lays sheet of plastic, rubber, wax or pulp board on former and passes under hydraulic press to form mould  
- determines from specification the kind and size of type to be used and prepares page layout, and operates keyboard of |
### Stereotyper

- **Type setter**
  - perforating, composing, or filmsetting machine
  - inputs original copy into computer and manipulates text, illustrations and layout using desktop publishing software to produce desired image
  - examines proof copies and makes any necessary alterations to type
  - processes filmsetting or desktop publishing output to produce image on film or sensitised paper
  - treats plates and cylinders with ultraviolet light and chemicals to produce film positives
  - arranges and pastes printing material onto paper ready for photographing

### 2. Borderline jobs

The following occupations are borderline. This means that some jobs in each occupation are at NVQ or SVQ level 3 or above, and some jobs are below this level. The codes of practice explain which jobs in the occupations are at NVQ or SVQ level 3 or above, and which sponsors can issue certificates of sponsorship for. Sponsors cannot issue certificates of sponsorship for any other jobs in these occupations:

<table>
<thead>
<tr>
<th>SOC Code</th>
<th>SOC code description</th>
<th>Related job titles</th>
<th>Examples of job tasks</th>
</tr>
</thead>
<tbody>
<tr>
<td>3434</td>
<td>Photographers and audio-visual equipment operators</td>
<td>Audio visual technician Camera operator (film, television production) Film technician Photographer Press photographer Projectionist Sound recordist</td>
<td>• selects subject and conceives composition of picture or discusses composition with colleagues • arranges subject, lighting, camera equipment and any microphones • checks that camera is loaded, inserts lenses and adjusts aperture and speed settings as necessary • photographs subject or follows action by moving camera • checks operation and positioning of projectors, videotape machines, mobile microphones and mixing and dubbing equipment • operates telecine, projection and video equipment to record and play back films and television programmes • operates sound mixing and dubbing equipment to obtain desired mix, level and balance of sound</td>
</tr>
<tr>
<td>5244</td>
<td>TV, video and audio engineers</td>
<td>Radio and television engineer Service engineer (radio and television) Television engineer Television service engineer Video engineer (service and repair)</td>
<td>• examines equipment and observes reception to determine nature of defect • uses electronic testing equipment to diagnose faults and check voltages and resistance • dismantles equipment and repairs or replaces faulty components or wiring • re-assembles equipment, tests for correct functioning and makes any necessary further adjustments • carries out service tasks such as cleaning and insulation testing according to</td>
</tr>
</tbody>
</table>
3. Lower-skilled jobs
The following occupations do not contain any jobs at NVQ or SVQ level 3 or above. There are no codes of practice for these occupations. Sponsors cannot issue certificates of sponsorship for any jobs in these occupations:

</table>
1137 Research and development managers

This page explains the skill level and appropriate salary rate for research and development managers, and tells you how to meet the resident labour market test.

1. Skill level

All jobs in this occupation code are at or above NVQ or SVQ level 3.

2. Appropriate salary rate

The job must be paid the minimum salary below, which is derived either from the Annual Survey of Hours and Earnings (ASHE) or, where alternative salary data is available, from an alternative code of practice.

- Annual Survey of Hours and Earnings: Yes
- Other code of practice: No
- Minimum rate: £17.42 per hour

3. Resident labour market test

- Jobcentre Plus (or JobCentre Online for jobs in Northern Ireland): Yes
- National newspapers: Yes
- Professional journals: Yes, in any one of the following publications:
  - Nature
  - New Scientist
- Milkround: Yes, for jobs for new graduates or internships only.
- You do not need to advertise the post in Jobcentre Plus if you have carried out a milkround provided you have also used at least one other method in the code and you have advertised on one of the following specific websites:
  - www.jobs.ac.uk
  - www.milkround.com
  - www.prospects.ac.uk
- Internet: Yes, on any one of the following websites:
  - www.jobs.ac.uk
  - www.naturejobs.com
  - www.newscientistjobs.com
  - www.reed.co.uk
Head-hunters (without national advertising): Yes, for jobs where the annual salary is at least £40,000

You can use recruitment agencies and head-hunters to help you. The agency or headhunter may carry out a resident labour market test on your behalf, as specified in this code of practice.
2111 Chemists

This page explains the skill level and appropriate salary rate for chemists, and tells you how to meet the resident labour market test.

1. Skill level

All jobs in this occupation code are at or above NVQ or SVQ level 3.

2. Appropriate salary rate

The job must be paid the minimum salary below, which is derived either from the Annual Survey of Hours and Earnings (ASHE) or, where alternative salary data is available, from an alternative code of practice.

| Annual Survey of Hours and Earnings: | Yes |
| Other code of practice: | No |
| Minimum rate: | £13.39 per hour |

3. Resident labour market test

| Jobcentre Plus (or JobCentre Online for jobs in Northern Ireland): | Yes |
| National newspapers: | Yes |
| Professional journals: | Yes, in any one of the following publications: |
| | • Nature |
| | • New Scientist |
| Milkround: | Yes, for jobs for new graduates or internships only. |

You do not need to advertise the post in Jobcentre Plus if you have carried out a milkround provided you have also used at least one other method in the code and you have advertised on one of the following specific websites:

| www.jobs.ac.uk |
| www.milkround.com |
| www.prospects.ac.uk |

| Internet: | Yes, on any one of the following websites: |
| | • www.jobs.ac.uk |
| | • www.naturejobs.com |
| | • www.newscientistjobs.com |
| | • www.reed.co.uk |
| | • www.totaljobs.com |
Head-hunters (without national advertising): Yes, for jobs where the annual salary is at least £40,000

You can use recruitment agencies and head-hunters to help you. The agency or headhunter may carry out a resident labour market test on your behalf, as specified in this code of practice.
2113 Physicists, geologists and meteorologists

This page explains the skill level and appropriate salary rate for physicists, geologists and meteorologists, and tells you how to meet the resident labour market test.

1. Skill level

All jobs in this occupation code are at or above NVQ or SVQ level 3.

2. Appropriate salary rate

The job must be paid the minimum salary below, which is derived either from the Annual Survey of Hours and Earnings (ASHE) or, where alternative salary data is available, from an alternative code of practice.

Annual Survey of Hours and Earnings: Yes
Other code of practice: No
Minimum rate: £15.33 per hour

3. Shortage occupation details

Only the following jobs in this occupation code are currently on the United Kingdom shortage occupation list:
- Engineering geologist
- Hydro geologist
- Geophysicist
- Geoscientist
- Geophysical specialist
- Engineering geophysicist
- Engineering geomorphologist
- Nuclear medicine scientist
- Radiotherapy physicist
- Staff working in diagnostic radiology (including magnetic resonance imaging)

A resident labour market test is not mandatory for shortage occupations.

All other jobs in this occupation code are not currently on the shortage occupation list and a resident labour market test may be required.

2122 Mechanical engineers

This page explains the skill level and appropriate salary rate for mechanical engineers, and tells you how to meet the resident labour market test.

1. Skill level

All jobs in this occupation code are at or above NVQ or SVQ level 3.

2. Appropriate salary rate

The job must be paid the minimum salary below, which is derived either from the Annual Survey of Hours and Earnings (ASHE) or, where alternative salary data is available, from an alternative code of practice.

Annual Survey of Hours and Earnings: Yes
Other code of practice: No
Minimum rate: £14.52 per hour

3. Shortage Occupation details

ONLY the following jobs in this occupation code are currently on the United Kingdom shortage occupation list:
- mechanical engineer in the electricity transmission and distribution industry
- mechanical engineer in the electricity generation industry

A resident labour market test is not mandatory for shortage occupations.

All other jobs in this occupation code are not currently on the shortage occupation list and a resident labour market test may be required.

4. Resident labour market test

3. Resident labour market test

'Named researchers' pass the resident labour market test as they will not be filling established posts or displacing resident workers.

'Named researchers' are defined as those whose employment is linked to specific research grants awarded to Higher Education Institutions or Research Institutes by external organisations. They will be named specifically on the research grant because their knowledge and expertise in the relevant field means they are the only person able to undertake the research. If they are unable to come to the UK the research grant would be cancelled.

You must, on request, provide a copy of the grant papers naming the individual to demonstrate that the resident labour market test has been met.
Please see below for information on how to meet the resident labour market test for other scientific researcher posts.

**Jobcentre Plus (or JobCentre Online for jobs in Northern Ireland):** Yes

## 2411 Solicitors and lawyers, judges and coroners

This page explains the skill level and appropriate salary rate for solicitors and lawyers, judges and coroners, and tells you how to meet the resident labour market test.

### 1. Skill level

Applicants intending to practice as solicitors in the United Kingdom require a practicing certificate. Overseas practitioners are frequently engaged to advise on the law in foreign jurisdictions, rather than United Kingdom law. There is no need to hold a practicing certificate in order to do this. Lawyers should check if registration with a professional body is required for their job before applying.

To become a coroner in the United Kingdom, you must be a qualified barrister, solicitor or doctor with at least five years’ post-qualifying experience.

All jobs in this occupation code are at or above NVQ or SVQ level 3.

### 2. Appropriate salary rate

The job must be paid the minimum salary below, which is derived either from the Annual Survey of Hours and Earnings (ASHE) or, where alternative salary data is available, from an alternative code of practice.

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Annual Survey of Hours and Earnings:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Other code of practice:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Minimum rates:

**Solicitors and Lawyers (Greater London)**
- Trainee solicitor: £24,663
- Newly qualified solicitor or lawyer: £39,000
- Solicitor or lawyer with 3 years’ experience: £47,000
- Newly qualified in-house solicitor or lawyer: £45,000
- In-house solicitor or lawyer with 3 years’ exp.: £65,000

**Solicitors and Lawyers (Scotland)**
- Trainee solicitor: £14,000
- Qualified solicitor: £20,000
- Equity partner: £114,000
- Trainee, Crown Prosecution Service: £17,888
- Qualified Crown prosecutor: £30,138
- Principal prosecutor: £37,522

**Solicitors and Lawyers (elsewhere in the UK)**
- Trainee solicitor (England outside Greater London): £18,121
- Trainee solicitor (Wales): £17,171
- Newly qualified solicitor or lawyer: £23,000
• Solicitor or lawyer with 3 years’ experience £28,000
• Newly qualified in-house solicitor or lawyer £25,000
• In-house solicitor or lawyer with 3 years’ experience £35,000

**Coroners and Judges (throughout the UK)**
• Coroners £68,000
• Group 7 judges £88,109
• Group 6 judges £106,812
• Group 5 judges £133,100
• Group 4 judges £140,875
• Group 3 judges £188,900
• Group 2 judges £198,700
• Group 1 judges £205,700

[Sources: HAYS Legal Salary Guide 2006, Solicitors Regulation Authority salaries 2007/08. Judges’ salaries are controlled by the Ministry of Justice.]

3. **Resident labour market test**

The advancement from trainee solicitor to qualified solicitor is a natural progression. It does not require a fresh resident labour market test or a change of employment application.

However, when carrying out the initial resident labour market test for trainee positions, sponsors should give an indication of both the trainee salary and the newly-qualified salary. Sponsors should also state both salaries when issuing certificates of sponsorship for trainee solicitors.

Jobcentre Plus (or JobCentre Online for jobs in Northern Ireland): Yes

National newspapers: Yes

Professional journals: Yes, in any one of the following publications:
• The Law Society Gazette
• Legal Week
• The Lawyer
• Scottish Law Gazette
• The Scots Law Times

Milkround: Yes, for jobs for new graduates or internships only.

You do not need to advertise the post in Jobcentre Plus if you have carried out a milkround provided you have also used at least one other method in the code and you have advertised on one of the following specific websites:
• [www.jobs.ac.uk](http://www.jobs.ac.uk)

Head-hunters (without national advertising): Yes, for jobs where the annual salary is at least £40,000

You can use recruitment agencies and head-hunters to help you. The agency or headhunter may carry out a resident labour market test on your behalf, as specified in this code of practice.
3539 Business and related associate professionals not elsewhere classified

This page explains the skill level and appropriate salary rate for business and related associate professionals not elsewhere classified, and tells you how to meet the resident labour market test.

1. Skill level

All jobs in this occupation code are at or above NVQ or SVQ level 3.

2. Appropriate salary rate

The job must be paid the minimum salary below, which is derived either from the Annual Survey of Hours and Earnings (ASHE) or, where alternative salary data is available, from an alternative code of practice.

Annual Survey of Hours and Earnings: Yes
Other code of practice: No
Minimum rate: £11.00 per hour

3. Resident labour market test

Jobcentre Plus (or JobCentre Online for jobs in Northern Ireland): Yes
National newspapers: Yes
Professional journals: No
Milkround: Yes, for jobs for new graduates or internships only.

You do not need to advertise the post in Jobcentre Plus if you have carried out a milkround provided you have also used at least one other method in the code and you have advertised on one of the following specific websites:

- www.jobs.ac.uk
- www.milkround.com
- www.prospects.ac.uk

Internet: Yes, on any one of the following websites:

- www.reed.co.uk
- www.totaljobs.com
- www.monster.co.uk
- www.jobserve.com
- www.jobsite.co.uk
Head-hunters (without national advertising): Yes, for jobs where the annual salary is at least £40,000

You can use recruitment agencies and head-hunters to help you. The agency or headhunter may carry out a resident labour market test on your behalf, as specified in this code of practice.
5244 TV, video and audio engineers

This page explains the skill level and appropriate salary rate for television, video and audio engineers, and tells you how to meet the resident labour market test.

1. Skill level

This occupation code is classed as **borderline**.

We will provide more information at a later date on which jobs in this occupation are above NVQ or SVQ level 3, and on which jobs are below this level. In the meantime, all jobs will be assumed to be above NVQ or SVQ level 3 where the migrant you wish to sponsor scores enough points to enter under the skilled migrant tier. You should check this page again for updates before issuing any certificates of sponsorship.

2. Appropriate salary rate

The job must be paid the minimum salary below, which is derived either from the Annual Survey of Hours and Earnings (ASHE) or, where alternative salary data is available, from an alternative code of practice.
