Dear Simon

I refer to your correspondence of 6 August 1998 and the subsequent fax from Lesley Foster, dated 26 August 1998.

I am advised that during the Drumcree period several leaflets were distributed by loyalists in the Portadown area. The address and telephone number included on the leaflet refers to Ms Nelson's business. This information is listed in yellow pages and is therefore readily accessible.

Police are unaware of any specific threat against Ms Nelson.

I trust you find this information helpful.

Yours
