MINISTER'S CASE FROM CAJ ON ROSEMARY NELSON

We have received a further letter from the Committee on the Administration of Justice concerning Rosemary Nelson. In particular, the letter expresses concern about her safety in light of a pamphlet relating to Brenda McKenna which refers to Rosemary Nelson and a threatening note which was posted to Rosemary Nelson (copies attached).

Mr Rogers wrote to you on 6 August concerning the pamphlet and I would be grateful for advice as to what action has been taken.

26 August 1998
