CORRESPONDANCE FROM SENATOR TORRICELLI

[REDACTED]

Further to my telephone call of last week this is written confirmation of my request for further information in relation to the above treat official correspondance.

Can you please let me know if the police have discussed with Ms Nelson anything to do with her personal protection in light of what the Senator refers to as threats which "have recently become more insistent and ominous, causing Ms Nelson to fear for her safety".

Many thanks for your assistance.
