

14. Miss McNally

As Ms. Nelson has not cooperated with this investigation I would recommend that the matter should be treated by way of dispensation. The information available is insufficient to enable a meaningful investigation to be conducted.

-) Letter advising of the possibility of the application of Regulation 17 (unless co-operation is forthcoming) to be forwarded to Ms. Nelson and copied to the Legal Secretariat to the Law Offices and Lawyers Alliance for Justice in Ireland, and your approval.

15 I have read your comments and read updated correspondence.

I agree that a '21 day letter' be drafted to the complainant. I am surprised that she did not attend for interview. When draft is prepared perhaps I could send it. Thanks.

- * Miss McNally agreed that C.F. Gausle send the standard form '21 day' letter to Ms Nelson (and copied as above)
