FAO P146

Dear Sir

Re: Complaint by Rosemary Nelson

I refer to the above and to previous correspondence, in particular to yours of November 7 last.

You will no doubt appreciate the pressures of a busy practice. I can confirm that I was unable to attend on the date arranged.

Perhaps you would arrange to have an alternative date for next month. In the interim I enclose copy statement made by C138 and one more recent by made Brian Loughran who was detained in Gough Barracks for a period of two days. I understand these remarks were made during the time of the United Nations Special Rapporteur was in attendance in this country.

These persons have indicated that they are willing to make statements regarding what was said.

Please advise of the position regarding these allegations.

Yours faithfully

 ROSEMARY NELSON LL B
