Delegation Meeting  
4 September 1997

Colin Duffy

11. Dowling raised the case of Colin Duffy and asked for a written response to our concerns regarding the nature of the evidence against him. ██████ responded that our observations had been circulated widely within the British system. However, he repeated that as the case was the subject of a criminal investigation by the police, he was precluded from commenting any further on the substance. He handed over a note which offered the following information:

"The ICPC have been notified of two complaints on behalf of Mr Duffy and two on behalf of Ms Nelson, his solicitor. The ICPC are supervising the investigation of these complaints and Mr Duffy is to be interviewed in the Maze on the 9 September and Ms Nelson on the 11 September, although she has not confirmed her intention to attend".
