Parameters

This tab displays the Provider details (as the Provider currently logged on).

If the name and address details are incorrect or incomplete, you should use the UK Register of Learning Providers site: http://www.ukrlp.co.uk/ukrlp/ukrlp.first to update them.

NB: From 2007/08, providers complete a single combined planning process for any LSC fully or partially funded activity. Therefore, if you have multiple Unique Provider Identification Numbers (UPINs) for your organisation, then please talk to your Local Partnership Team about consolidating these to a single UPIN for 2007/08 onwards.
