General Guidance

This guidance is for version 3 of the Interim LPP system and is applicable for all Learners, including Adult Learning Grant (ALG) Learners and any 2007/08 Learners that still require Attendance/Bonus Payment decisions.

Please follow the guidance instructions provided in this document very carefully to ensure all Learner information is entered correctly and the relevant Learner information and attendance records are submitted to the Learner Support Service (LSS).

You will need a Username and Password to login to the Interim LPP. If you are already using the system to make payment decisions for 2008/09 EMA Learners you can continue to use the username and password you will have been sent during the week beginning the 18th August. If you do not have a Username and Password please call our Learning Provider helpline on 0845 600 7979 and they will advise you on how to access the Interim LPP.

As we update the LPP, please be aware that the Learner data you enter on the Interim LPP for 2008/09 Learners on all types of courses will automatically be transferred to the full LPP when it is released.

If you need further assistance to use the Interim LPP, please call our Learning Provider helpline on 0845 600 7979 and one of our dedicated support team will be happy to help.

If your 2008/09 ALG and EMA FE Learners do not use standard term dates, you must create Study Patterns on the Interim LPP for your Learning Provider before you can begin to register Learners. If you have already created these on previous versions of the Interim LPP, these will still exist on the new version. If you want to create new ones or amend or delete existing study patterns, click on the ‘Maintenance’ tab and then the third link ‘Maintain Study Pattern’ as illustrated in the screen below.

- Maintain Location

You can only Edit or Delete an existing study pattern if it has not already been attached to a registered learner.

You can Disable an existing study pattern by clicking on the ‘Disable’ button.

If you want to create Study Patterns, click on the ‘Add’ button. A series of blank fields will be displayed under the ‘Add’ button. See screen shot on the next page.
To add a new study pattern, in the blank ‘Name’ field, please enter an appropriate name for your study pattern. You can enter anything that will be recognisable to you and your Provider.

You can enter a description for your study pattern for your own reference. This field is not mandatory and therefore you can leave it blank if necessary.

The ‘Enabled?’ box is defaulted to a tick so the Study Pattern you have created appears as a drop down menu in the register learner section (Section 5). If you do not want to use this study pattern when registering Learners, you must un tick the ‘Enabled?’ box.

To enter the Start and End Dates for each Term study pattern, please select the relevant dates from the drop down menus provided (see Default study pattern dates in the table below). If the dates entered correspond to less than 10 weeks, when you try to submit the study pattern details as in Step 6 overleaf, a message will display indicating the invalid Term dates. You will need to re-enter valid term dates that confirm eligibility.

A default study pattern is pre-loaded onto the Interim LPP using the dates below. For any other term dates please create a suitable study pattern (Section 4c) and apply it on Registration.

Please note, you must first create the appropriate Study Patterns, Locations and Groups before registering your Learners. Please refer to section 4 of this guide to perform these functions.

Under the personal details header, you will see a LURN (Learner Unique Reference Number) blank text box. There are four valid LURN’s you can enter depending on whether the it is an ALG or EMA Learner:

For ALG Learners:

1. Enter the 9 character reference number that is on the ALG Learners Notice of Entitlement. This includes a 5 digit number, followed by a ‘/’, 2 digits to represent the Academic year, and a letter used to signify whether or not this is the Learners 1st, 2nd or 3rd year of claiming ALG.

For EMA Learners:

1. Enter the 12 digit number that is recorded on the Notice of Entitlement number (NoE) letter. Remember to press ‘Tab’ on your keyboard; or

3. Enter an Entitlement Letter number (EL number). The system will prompt you to contact the learner to get their NoE or their MN number. If these are not available, it will allow you to progress by translating the EL number into an MN number. Please note, Contract part 1 and 2 are still required for EMA Learners.

Remember to press ‘Tab’ on your keyboard after entering the relevant LURN. This will automatically populate the Learners Surname, Forename, Date of Birth and Postcode. Please check these details to ensure the system has matched the LURN to the correct Learner. If no Learner details are displayed, please check you have entered the correct LURN and pressed ‘Tab’ on your keyboard.

Depending on the Programme selected, the registration data fields displayed will differ. The following instructions provide specific guidance for registering learners according to the different Programmes a learner is taking part in.
5. Register Learners for EMA E2E, PLA or FE short courses

If a learner is on an EMA E2E, PLA or EMA FE short course, you will be presented with Start and End Date fields and a Bonus Pattern field. See screen below.

Once you have selected all the learner’s course details you must click the ‘Submit’ button on the bottom left of the screen. Upon successful submission, a message will be displayed ‘Learner registered successfully’ and all the Learner and Course details fields above will become blank. If you do not press Submit after entering your Learner’s details, all of your information will be lost and you will need to begin the process again from Step 1.

Once you have submitted your first Learner’s personal and course details, all the previously populated fields will become blank and you can begin to enter another Learner’s details. To do this please repeat steps 1-7.
