--------------------------	--------------------	------

CALLER: Well I think we've got a problem here which you should be aware about do you have a log running

CONTROLLER: That's right yeah 131 is the log number

CALLER: Well I'm the only senior officer on scene just now so a quick update on whats happening the stations been closed down scene secured I'm assuming the Alpha cars are coming to Liverpool Street

CONTROLLER: Yeah weve got AX44 and 42 both enroute

CALLER: Could they report to the station control room the underground station control room

CONTROLLER: Yep

CALLER: Where we have the underground member of staff who was on the platform at the time waiting and ready to brief them

CONTROLLER: That's fine no problems

CALLER: I'm with the Duty Station manager here as well so everything's non stopped on the District and Circle and is running straight through on the Central line

CONTROLLER: No problem no problem at all. Did you want to speak to the duty officer at all here did you want to speak to the duty officer just to confirm that or

CALLER: say that again sorry
