0907 Aldgate L.T. Numerous  
injured people exiting  
the smoke from battery  
hall. Stopped spoke  
DI Baker who told  
me he heard a bang  
& had 25 injured  
persons in office.  
An off duty Met officer  
approached me & said  
he was on train. I left  
PC Coffey to take first  
account & went along  
platform on left track  
busses to far end. At  
far end I saw a

Met. Member who  
approached to me but  
power was off. With  
PC Whyte & Hatcher  
I went onto the tracks  
toward Liverpool St. I  
immediately heard a  
lot of screaming & agonized  
cries. I smelt a strong  
acid smell of smoke  
& the air was thick  
thick with smoke &  
Just about 100m into  
the tunnel I could  
see the end of a  
tube van. Numerous  
passengers with varying  
injuries were walking
